Dr. F. C. Allen
Prof. of Physical Education
Campus

Dear Dr. Allen:

Recently we received from the State Board of Education, the 1937 Kansas School Laws. According to these new laws there are two elementary state certificates, one a 60 hour curriculum and one a 30 hour curriculum.

Dr. P. B. Lawson advises that he has conferred with Miss Louie Lesslie, Secretary of the State Board of Education, about the certificate requirements and has discussed the matter also with the Budget Committee. The general understanding is that the 30 hour certificate is a temporary thing and will be in force only a year or two and then withdrawn. The 60 hour certificate, however, is one that will no doubt be a permanent certificate, and one toward which we should train our K.U. students or out of school students who are interested in taking additional work.

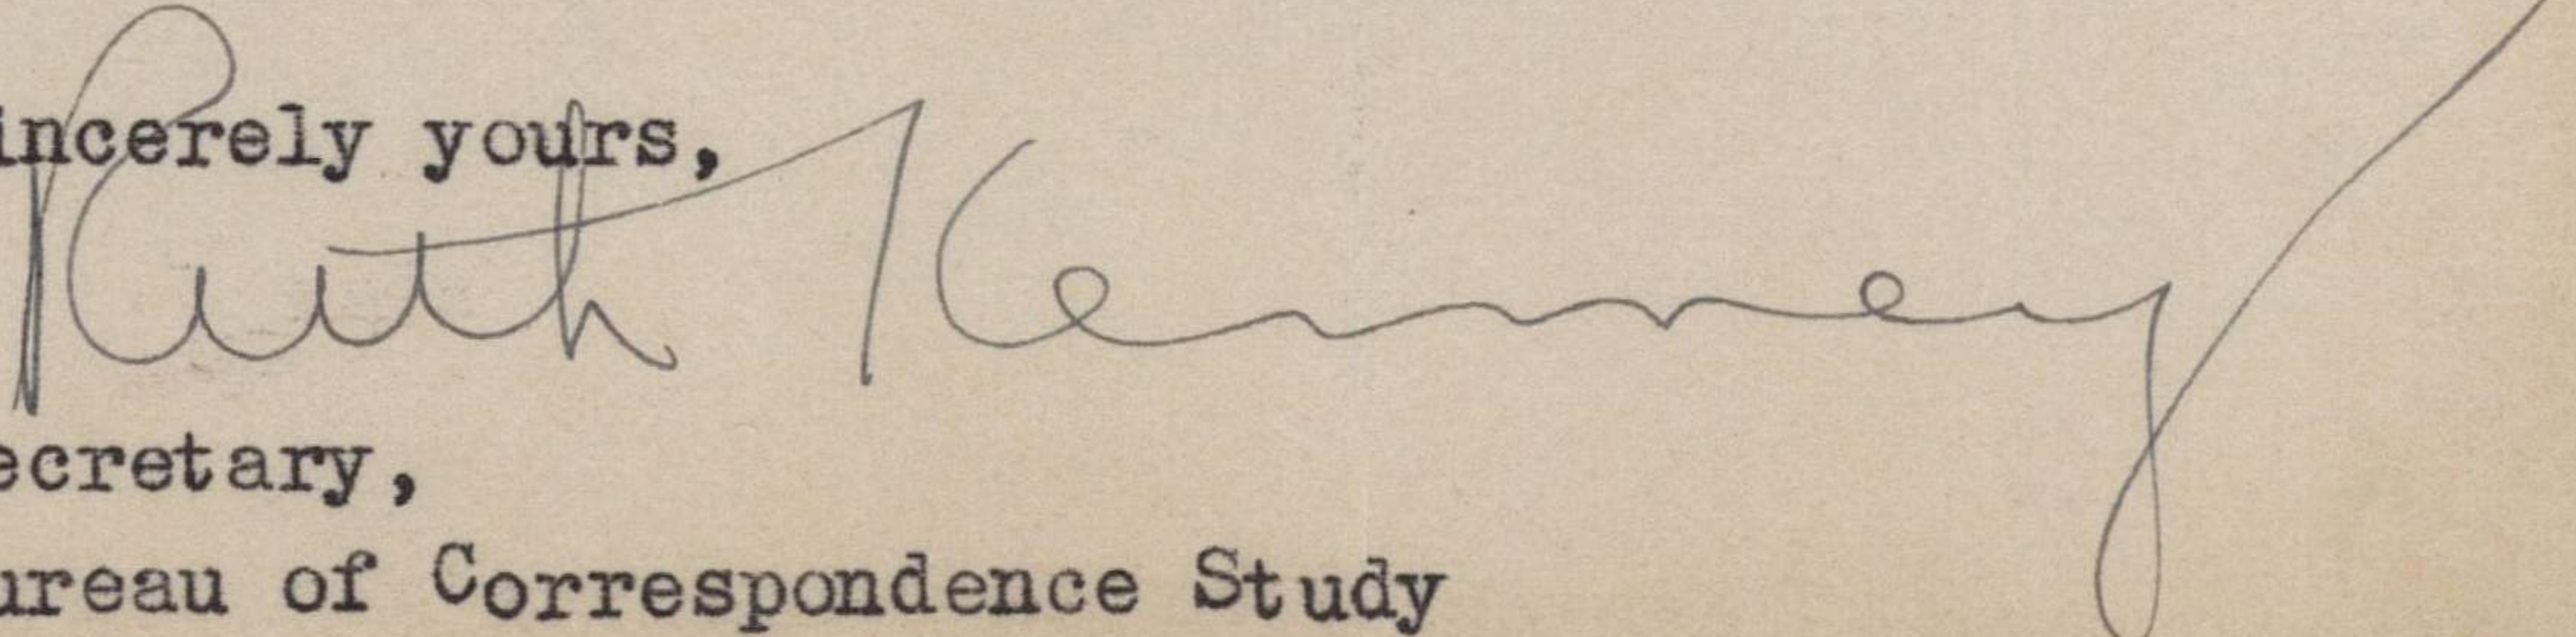

In checking over the requirements of a 60 hour certificate we find two courses:

Health Education
Playground Activities

in which we are interested and for which you might be able to arrange correspondence study courses. We shall be glad to have you give the matter consideration. The course offered in residence "30 Personal Health (M)" would seem to partly meet the requirements though it does not stress community health. Is the course "64 Personal Hygiene (W)" equivalent to this other course, Number 30? If either one or both of these courses would lend themselves to correspondence study work we shall be more than happy to have them prepared.

Has your new book in Basketball come from the press yet? As soon as it is available we shall be more than glad to type the whole course and have it available for you and for prospective students.

Sincerely yours,

Secretary,
Bureau of Correspondence Study
