

60c. BASKETBALL FOR MEN. Dr. Allen. Junior-senior credit. This course comprises instruction in the fundamentals such as stance, stops, turns, pivots and reverses. Ball handling and the method of manipulating the ball with the fingers in the three fundamental shots, such as the free throw, the push shot and the hook shot is emphasized. Guarding with all of its attendant man-for-man and zone guarding plays, as well as taking the ball off the backboard on rebound and quickly passing out to an open teammate who swings rapidly on the offense, is stressed. The rules of the game are carefully studied and the principles of coaching are especially developed.

16 assignments, 2 hours Education credit.
