

UNIVERSITY OF KANSAS
LAWRENCE

DEPARTMENT OF PHYSICAL EDUCATION

May 14, 1941

Dear Alumni:

A final effort is being made to have the bill No. 1074, dealing with federal aid for physical education, brought out of the Committee on Education and voted on in the House.

I am sending you some material on this bill and suggestions on how you may help bring it to a vote. Will you do your part and send letters to each Kansas Congressman in the House and to several of the Committee on Education. With your letters pouring in, the Committee will have to bring it out for a vote, and we are hoping for success.

Sincerely,

Ruth I. Hoover
