Mr. Claude Hibbard,
Dyche Museum,
University of Kansas.

Dear Mr. Hibbard:

Thank you very much for your kind letter of the 25th instant.

Answering your questions as best I can, may I state (1) that the \$450.00 is for printed material - pamphlets, pledge cards, instructions to solicitors, pins, etc. Naturally there is a great amount of stenographic work that must of necessity be done. This entails the hiring of extra people to do this work and nobody could give their full time to this unless they were paid for it.

(2) The Y.W.C.A. asked not to be a member of the Community Chest budget family. They wanted to raise their own funds and handle it in their own way.

(3) The answer to this question is that we have to depend upon the leadership of the people handling this money, and their claim is that it will be divided equitably and according to plan. If money is asked to be put specifically in a certain fund, that is done.

I want to thank you for your splendid cooperation. You have done a fine job and you, like I, do not have all the answers to all the questions. We have to depend upon the leadership of the people handling this drive to give us the best information obtainable. But the answer is still that we have confidence in our leaders and we know that they will do the just and the right thing.

Sincerely yours,

Chairman, University Committee,
Lawrence Community Chest Drive.
