

October 15, 1941.

Mr. C. G. Bayles,  
Superintendent,  
Buildings and Grounds.

Dear C. G.:

Last year we asked you to work with our great army on the Hill in soliciting faculty and employees for contributions to the Community Chest. You refused last year, stating that you could not ask a donation from the people who worked for a small amount. But on checking with our committee it was deemed that everybody should be given an opportunity to subscribe, and much to our surprise we found that many of these employees who work on a per diem basis gave in proportion to their earnings as did the salaried people. Therefore, we trust that you will assist us this year.

Very sincerely yours,

FCA:AH

Chairman, University Committee,  
Community Chest Drive.
