Mr. Woestenever moved that these allotments and bill be approved, Mr. Wood seconded the motion, and it carried.

Mrs. Dodds asked for a few minutes time to explain the situation in which the Crippled Children's Committee found itself this winter, explaining that it had not asked for admittance to the Chest last fall because it then knew of no need for supplies. Mrs. Dodds stated that the County Committee was hopeful that individual gifts from citizens would be sufficient to complete this year's program.

No further business appearing, the meeting was adjourned.
