

Lawrence Community Chest
Lawrence, Kansas
November 15, 1940

Dr. F. C. Allen
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

When our committee secured your consent to head the University division for the Lawrence Community Chest, I'm sure we did a very good day's work. The splendid response which came from the hill for this drive greatly exceeded our fondest hopes, and I wish to extend to you my personal thanks for having done such a splendid job and for having given us other assistance during the drive such as your very inspiring talk before our Kick-off breakfast.

You will be interested in knowing that it now appears that the total pledges will exceed \$11,000.

Very truly yours,

Campaign Chairman
