

~~pledge and I would list them in that fashion.~~

Also from the miscellaneous group we picked out the ministers at Myers Hall and asked Rev. Barr to handle those for us. ~~I am suggesting, therefore, that in everyone of these cases that we have a chairman or worker named just as we have these other workers listed to handle each building.~~

I am enclosing a copy of ~~the~~ letter that I have written these workers which ~~contributed~~ can be included in your files.

I believe that I have covered almost every detail that I can think of regarding this drive, and I trust that this information may be helpful for the job of my successor next year.

Very cordially yours,

** The Lawrence Chamber of Commerce has credited us with \$10.50 more; doubtless some of the collections were sent directly to the Chamber of Commerce and we did not know about it.

Besides the usually strong and capable workers in this group of outstanding men who did a wonderful job of soliciting from a consistency and stick-to-it-ivness standpoint were:

Dr. A.W. Davidson of the Chemistry Department; D.r D.H. Spencer of the Pharmacy Department. Mr. J.J. Wheeler, Mr. Guy Smith and Miss Florence Black who assisted Dean Lawson. Mr. C.M. Baker, Director of Libraries, Dr. John Virtue of the English Department, Mr. John G. Stutz, who can always be depended upon, Mr. Leonard ~~Axe~~ of the Economics Department, and the old standby, Geo O. Foster, who, even in his later years gives you 100% cooperation.

I am not mentioning some of the war horses who can always be depended upon for a good job but ~~exam~~ Lee Gemmell and Leonard Axe also did a man-sized job. The other men not mentioned are too well known to need any additional comment regarding their cooperative facilities.
