

October 31, 1938.

Professor Ray Q. Brewster,
Department of Chemistry.

Dear Professor Brewster:

I have received your letter of October 27 asking me to serve on a committee for solicitation of funds from the faculty for the support of the University Y.M.C.A.

I am coaching both the varsity and freshman basketball squads, as well as administering the Department of Physical Education, which seems to be occupying almost my entire time. I do want to add this word - that I think John Moore is doing a splendid job, and I note an altogether different attitude in the Y.M.C.A. leadership than that which has been shown heretofore in the past six or seven years.

I am very glad to make this contribution of \$5.00, but I feel that my basketball duties will prevent me from doing much work on your committee. Soon I will have practice every afternoon with the varsity, and from 6:30 to 8 with the freshmen, and that is a fulsome job for any fellow. So I am afraid I am not going to be able to serve on any committee, but I will be happy to cooperate in any way I can.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
