

3.  
passed by the majority of students at the Univ of K  
could serve as a ~~measuring~~ <sup>standard</sup> stick for athletic  
competition. Most of the athletes work a  
whole or part time in an effort to get thru  
school. If a student works he may carry  
but 12 hrs of academic work. Should he  
pass 100% of his work the two preceding  
semesters he is still ~~short~~ <sup>short</sup> 3 or 4 hrs.  
on eligibility requirements. Summer school  
or correspondence work is the only  
thing open to him for eligibility. He needs  
this summer work to recoup his financial  
depletion. I would <sup>respectfully</sup> recommend the raising  
of the standard to a C average and the  
lowering of the hours to 10 <sup>each</sup> semester  
making a total of 20 hrs - of C's for  
the two preceding semesters prior to athletic  
participation.

Since Prof. W. W. Davis is Chm.  
of the U of K P. E. Corp. and <sup>he</sup> also <sup>is</sup> Faculty  
Rep. to the Big Six Conf which means that he is
