

Committee Meeting

May 12th, 1941

Deane W. Malott, Chancellor
University of Kansas
Lawrence, Kansas

Dear Chancellor Malott:

Dr. Allen and the baseball team are in Lincoln, Nebraska, and shall be there until Wednesday, May 14th, so he shall be unable to attend the University Senate Meeting at 4:30 o'clock at Frank Strong Hall.

Sincerely,

Secretary:-Forrest C. Allen

THE UNIVERSITY OF KANSAS

LAWRENCE

REGISTRAR'S OFFICE

July 9, 1941

To: All students enrolled in Summer School who registered for Selective Service on July 1, 1941.

Subject: The University Deferment Committee and its relation to student registrants.

Our records show that you became twenty-one years of age between October 16, 1940, and July 1, 1941. According to law, therefore, you were supposed to register for Selective Service on July 1.

Chancellor Malott has appointed a committee of University faculty members to discuss with students their problems in connection with Selective Service. The members of this committee are Professor Ray Q. Brewster, Professor F. C. Allen, Professor V. P. Hessler, and Mr. James K. Hitt. Professor Brewster is the chairman. If you have any question at any time about your status with respect to the Selective Service Act, it is recommended that you talk with one of the members of the University Deferment Committee.

You will receive a classification questionnaire from your local board at some future date. If you are enrolled or are planning to enroll as a student at the University at the time you receive your questionnaire, please notify me at once and let me know your plans for the future, your order number, and the number and address of your local board. If you will do this we can furnish your local board with a complete statement of the facts regarding your status as a student at the University.

JKH:RW

JAMES K. HITT
Assistant Registrar

Adopted by Senate, April 5, 1938:

In re: Policy of Senate.

"Since it would seem that at the present moment the Athletic Board must concern itself largely with intercollegiate competition and allied affairs, the Senate might continue its Committee on Athletics as a liaison committee to work in connection with the Athletic Board and the Department of Physical Education. In this event it is suggested that this committee be renamed the Senate Committee on Athletics and Physical Recreation."

In re: Functions of Committee.

1. That with respect to intercollegiate athletics the Senate committee
 - a. Study the question of the requirements of hours of enrollment and standards of quality for athletes with a view to recommendation (if and when desirable) to the Big Six Conference through our regular representatives.
 - b. Investigate the academic load, psychological test records, and academic records of members of varsity teams for the past five years, and make such recommendations concerning the maintenance of academic standards as may seem warranted.
 - c. Investigate the matter of employment for support of members of athletic varsity teams during their residence as students at the University and recommend regulations concerning such employment.
 - d. Investigate and make recommendations concerning the control of eligibility of varsity squads.
 - e. Concern itself with informing the Senate regarding any other matters affecting the status or welfare of students involved in intercollegiate competition, or affected by activities looking toward such competition.

2. That with respect to intramural sports and physical recreation the Senate committee
 - a. Secure and transmit to the Senate full and complete data upon the present program of intramural sports and other forms of physical recreation, including data concerning the number of students involved by sexes and whether members of organized houses or not; the schedules of games; the nature and adequacy of supervision; the status of the equipment of players; and similar pertinent data.
 - b. Consider the advisability of control and limitation of games for any given organized groups; the control of hours of scheduling games, especially games after 8:30 p. m. except on weekends.
 - c. Investigate and recommend concerning certain hazardous games such as touch football, possibly with a view to the elimination of such games unless adequate facilities and supervision can be provided for them.
 - d. Investigate and recommend concerning the improvement of playing fields and equipment.
 - e. Investigate and recommend a method or methods for student participation in the organization of physical recreation and intramural sports program.
 - f. Recommend a policy for a general program of physical recreation.

Personnel of Committee:

W. W. Davis, P. C. Allen, ^{Schwartzler} ~~F. L. Brown~~, Henry, Klooz, ^{Hoover} ~~Reismitz~~,
Sherwood, Stockton, Stranathan.

May 2, 1940

This is a copy of the tentative report which has been prepared by the chairman and the secretary. If you wish to suggest any changes, please get in touch with the undersigned. If we do not hear from you, we shall assume that you have no suggestion to offer and shall submit the report as it now stands.

J. D. Stranathan
K. U. 92

Your Committee on Athletics and Physical Recreation desires at this time to submit a preliminary report. You are aware that under the present organization, this committee concerns itself with two none too closely correlated problems, intercollegiate athletics and physical recreation. The purpose of this report is largely to inform the Senate regarding two matters:- (1) The organization of intercollegiate athletics in the M.V.I.A.A. and the rules under which this school and this committee must function; (2) The progress that is being made on studies suggested to the committee by the Senate action of April 5, 1938.

Information regarding the organization of intercollegiate athletics

General Organization

All intercollegiate athletics in the Big Six is carried on under definite rules laid down by an organization comprising the six schools in the conference, an organization known as the Missouri Valley Intercollegiate Athletic Association. Among the specific rules of this organization are the following:-

- (1) "Only institutions having faculty control of athletics shall be members of this association."
- (2) "Each institution shall be represented by a faculty representative and the director of athletics."
- (3) "The faculty representatives shall be persons of professional rank who do not receive pay primarily for services rendered in connection with athletics or physical education."
- (4) "The faculty representatives shall constitute the legislative body of the association."
- (5) "The directors shall constitute the operative body of the association," and "shall manage all association enterprises and shall direct all intercollegiate athletic activities under the rules and regulations as enacted by the faculty representatives."

Although it is not stated in the rules of the association just how the faculty representative of a school is to be chosen, appointment by the president of the institution seems to be the general practice. This faculty representative is sometimes a member of the athletic board of his school, though in some institutions he is not. With the exception of Oklahoma, which has made several changes, the group of faculty representatives has remained essentially intact since the organization of the M.V.I.A.A. in 1925. These faculty representatives hold two regular and other special meetings each year. Although the athletic directors have no part in the legislation of the association, these directors are often called in for joint sessions for the purpose of fuller discussions of and better cooperation in various undertakings.

Rules Regarding Eligibility

The M.V.I.A.A. has stated clearly the conditions under which a student is eligible to participate in intercollegiate athletics. The principal requirement in which this body is interested is as follows:-

"During the two semesters immediately previous to participation, if the student is registered in a course that requires on the average 24 to 26 hours, he shall have completed 24 hours; if he is registered in a course that requires on the average 27 to 32 hours he shall have completed 27 hours; if he is registered in a course that requires more than 32 hours he shall have completed 28 semester hours. This section shall refer to credits during two semesters and a summer school immediately previous to participation." No grade average better than just passing is required.

It is a duty of the faculty representative of each school to see that these and other eligibility requirements are met. The procedure followed to insure that the proposed participants in a given sport actually meet these requirements is as follows:- A squad list is made out at the athletic office and sent to the registrar. From his records the registrar determines and records the total number of credits earned during the two previous semesters and a proper summer school. This information, bearing the registrar's signature, is sent to the faculty representative, who signs the records if he knows of no further reason why he should not do so. This record is then sent to the athletic director and signed by him. Copies of this eligibility information, signed by the registrar, the faculty representative, and the athletic director, are then sent to each faculty representative and each athletic director in the conference. There is organized a conference eligibility committee, headed by Professor King of Manhattan at present, whose function it is to interpret rules regarding eligibility and to act in specific cases where there might be differences of opinion. Practically, the action of this committee is final, though any school has the privilege of appealing to the faculty committee of the association.

Rules Regarding Subsidization and Recruiting

Specific rules regarding subsidization and recruiting of athletes are laid down by the M.V.I.A.A. We quote as follows:

- (1) "No student shall participate in any intercollegiate contest who has ever received:-
 - (a) Any subsidy, either directly or indirectly, because he is an athlete,
 - (b) Any advance payment for future services,
 - (c) Any guarantee of payment which is not conditioned upon the services being performed in advance of the payment, or
 - (d) Any payment for services at greater than reasonable and current rates."
- (2) "No student shall participate in any intercollegiate contest who has ever received a loan, scholarship aid, remission of fees, or employment merely because he is an athlete or through channels not open to non-athletes equally with athletes."
- (3) "The Conference is opposed to the recruiting of prospective students by alumni and friends, when the reason for such recruiting is that the prospective students are athletes. The conference will make continued and positive efforts to eliminate such recruiting."
- (4) "Members of athletic staffs shall not recruit prospective athletes. The following are submitted as typical examples of recruiting:
 - (a) Urging enrollment through initiating correspondence, direct conference or indirect message.
 - (b) Promising employment, loans, scholarships or remission of fees.
 - (c) Indirectly contacting prospective athletes by suggesting to alumni or friends that they endeavor to recruit them."

Report of Progress on Studies Suggested by the Senate.

In its action of April 5, 1938 the Senate outlined in detail the functions of this committee. By this action the following specific duties were assigned:-

- (1) "That with respect to intercollegiate athletics the Senate committee:-
 - (a) Study the question of the requirements of hours of enrollment and standards of quality for athletes with a view to recommendation (if and when desirable) to the Big Six Conference through our regular representatives.

- (b) Investigate the academic load, psychological test records, and academic records of members of varsity teams for the past five years, and make such recommendations concerning the maintenance of academic standards as may seem warranted.
 - (c) Investigate the matter of employment for support of members of athletic varsity teams during their residence as students at the University and recommend regulations concerning such employment.
 - (d) Investigate and make recommendations concerning the control of eligibility of varsity squads.
 - (e) Concern itself with informing the Senate regarding any other matters affecting the status or welfare of students involved in intercollegiate competition, or affected by activities looking toward such competition."
- (2) "That with respect to intramural sports and physical recreation the Senate committee:--
- (a) Secure and transmit to the Senate full and complete data upon the present program of intramural sports and other forms of physical recreation, including data concerning the number of students involved by sexes and whether members of organized houses or not; the schedules of games; the nature and adequacy of supervision; the status of the equipment of players; and similarly pertinent data.
 - (b) Consider the advisability of control and limitation of games for any given organized groups; the control of hours of scheduling games, especially games after 8:30 p.m. except on week ends.
 - (c) Investigate and recommend concerning certain hazardous games such as touch football, possibly with a view to the elimination of such games unless adequate facilities and supervision can be provided for them.
 - (d) Investigate and recommend concerning the improvement of playing fields and equipment.
 - (e) Investigate and recommend a method or methods for student participation in the organization of physical recreation and intramural sports program.
 - (f) Recommend a policy for a general program of physical recreation."

Your committee has held three meetings at which we have discussed ways in which these assignments might be best carried out. It appears that there are three fields of endeavor, one having to do with intercollegiate athletics, one having to do with intramural sports and physical recreation, and one concerned with ways and means of accomplishing improvements which might be found desirable. Your committee has therefore been divided into three sub-committees,--one on intercollegiate athletics of which the membership is Stockton (chairman), Stranathan, Sherwood, and Henry,--one on intramural sports and physical recreation of which the membership is Allen (chairman), Hoover, Klooz, and Schwegler,--and one on ways and means of which the membership is Schwegler (chairman), Allen, and Stockton. These committees are now at work on their respective problems.

The sub-committee on intercollegiate athletics will need considerable clerical assistance if it is to carry out properly the studies suggested by the senate. The committee on physical recreation will need some help. An unsuccessful attempt was made to obtain this assistance through N.Y.A. We have now agreed upon a tentative plan by which it may be possible to secure one or more graduate students in

the School of Education, working under the immediate supervision of a member of the faculty of that school, to collect and correlate the necessary data. This plan of procedure is now under way. The committee hopes that it will be in a position to make a detailed report concerning these studies some time next fall.

Respectfully submitted, May 7, 1940,

F. T. Stockton
F. C. Allen
Gwinn Henry
Ruth Hoover
Karl Klooz
R. A. Schwegler
N. P. Sherwood
J. D. Stranathan
W. W. Davis (chairman)

Adopted By Senate, April 5, 1938:

In re: Policy of Senate.

"Since it would seem that at the present moment the Athletic Board must concern itself largely with intercollegiate competition and allied affairs, the Senate might continue its Committee on Athletics as a liaison committee to work in connection with the Athletic Board and the Department of Physical Education. In this event it is suggested that this committee be renamed the Senate Committee on Athletics and Physical Recreation."

In re: Functions of Committee.

1. That with respect to intercollegiate athletics the Senate committee

Approved April 4, 1939.

Wais & Means Schurzler, Stockton & Allen

November 2, 1937.

Senate Advisory Committee,
University of Kansas.

The University of Kansas Physical Education Corporation, otherwise known as the Athletic Board of the University, is a non-profit-sharing corporation of fourteen members, eight of whom are faculty members which control the finances and direct the intercollegiate policy of the University of Kansas.

The eight faculty members of the University of Kansas Physical Education Corporation (Athletic Board) are:

W. W. Davis, Chairman
R. C. Moore
F. T. Stockton
Lawrence Woodruff
James B. Smith
J. O. Jones
Karl Klooz, ex officio
Chancellor E. H. Lindley, ex officio

These members, with the exception of Chancellor Lindley and Mr. Klooz, are nominated by the University Senate.

There are also two student members - the president of the Men's Student Council, Don Voorhees, and one athletic member of the student body, Ferrell Anderson, elected by the student body. This election serves as a nomination to the University of Kansas Physical Education Corporation. The Corporation proceeds to elect these two student members to their board.

The Alumni Association also elects their four members, and that election serves as a nomination to the Corporation. The four alumni members who hold membership under this plan are:

George Nettels, term expires June, 1940
Dan Servey, term expires June, 1938
Dr. Marvin Hall, term expires June, 1938
Tom Van Cleave, term expires June, 1939.

The eligibility for the athletic participation of all athletes is set by the Missouri Valley Intercollegiate Athletic Association, otherwise known as the "Big Six" Conference. Professor W. W. Davis is faculty representative, representing Kansas in this conference. The faculty representatives are the legislative body of this Conference, making all laws and rules covering participation of the athletes.

The athletic directors serve as business managers, arranging all schedules and business details, all of which must be approved by the faculty representatives.

The Senate Committee on Athletics has not been extremely active since the formation of the Physical Education Corporation in 1923. However, it seems entirely logical that intra-mural athletics should come under the scope of the powers of the Senate Committee on Athletics.

The charter of the University of Kansas Physical Education Corporation states that when the stadium is free and unencumbered of debt the earnings of the Corporation shall go toward play utilities for the students of the University of Kansas. The total cost of the stadium to date is \$660,000, and there is yet a debt of \$150,000 remaining in the form of debenture bonds, bearing interest at the rate of 5½% per annum. An annual principal payment of \$12,500 is due December 1 each year, plus this year's interest, amounting to \$8,250 due semi-annually on June and December 1. If the present payment schedule is maintained the stadium will be free of debt by December 1, 1948.

The State of Kansas purchased the land known as the intra-mural field of 10½ acres south of the University and also purchased four houses and six vacant lots north of the University for \$31,000, the exact price paid several years ago by the University of Kansas Physical Education Corporation. The Corporation purchased these holdings in their years of abundance. The vacant lots are now in use for tennis courts and the intra-mural field has been used by the University ever since its purchase in 1923.

Several years ago Dean George C. Shaad, then faculty representative from Kansas, proposed to the Big Six faculty representatives that the academic hours for eligibility be reduced to 20 hours of work of "C" grade for the two preceding semesters instead of the 30 hours of work above "Failure" for Engineers, 28 hours for Laws, and 27 hours for College students. This was voted down. Three years ago the faculty representatives voted to reduce the Engineering requirement to 28 hours for the two preceding semesters, but no higher standard of grades was proposed.

It seems entirely fitting that an investigation into the normal amount of work successfully carried and passed by the majority of students at the University of Kansas should serve as a standard for athletic competition. Most of the athletes work all or part time in an effort to get through school. If a student works he may carry but 12 hours of academic work. Should he pass 100% of his work the two preceding semesters he would still be short three or four hours on his eligibility requirements. Summer school or correspondence study is the only thing open to him for eligibility. He needs the summer work to recoup his financial depletion.

I would respectfully recommend for consideration the raising of the standard to a "C" average and the lowering of the required hours to 10 each semester, making a total of 20 hours of "C" for the two preceding semesters prior to athletic participation. If such action was reported favorably by the Senate, the same could be conveyed to the Big Six Conference for their consideration at their next meeting.

Since Professor W. W. Davis is chairman of the University of Kansas Physical Education Corporation (Athletic Board), and since he is also faculty representative from Kansas to the Big Six Conference, which also means that he is our Senate representative in the conference of the Big Six, I respectfully propose that he be favorably considered for the chairmanship of the Senate Committee on Athletics.

Respectfully submitted,

Chairman, Senate Committee on Athletics.

November 2, 1933.

Professor P. B. Koster,
Department of Physics,
University of Kansas.

Dear Professor Koster:

In regard to the discussion on the floor at the Senate meeting yesterday concerning the proposed Senate committee on "Physical Welfare and Recreation", I desire to make a brief statement so that there will be no misunderstanding.

I am sending you a copy of a letter that I wrote to Chancellor Lindley on September 30. You can see from this letter that I did not have in mind, nor did I suggest the abolition of the Senate Committee on Athletics.

Last Friday I was in Omaha speaking to the Nebraska State Teachers Association, when Dr. C. P. Nelson came to my office and stated that he, as chairman of the Senate Committee on Committees, had my letter to the Chancellor in regard to a Senate committee on Physical Education. He stated that his committee must make a report to the Senate on Tuesday and that he would like to talk to me Monday about this new committee. His committee met last Friday and he stated that they were in position to recommend that the Committee on Athletics be abolished and that a new committee - Physical Welfare and Recreation - be set up with me as chairman, and that the matter should be presented in complete form to the Senate on Tuesday.

You may know this was a surprise to me because I had received no confirmation from Chancellor Lindley of this letter that I had written him on September 30. I had no motive in mind other than to develop a more wholesome recreation set up for the students who are not participating in competitive athletics.

I had previously written to Dean Stockton, who is chairman of a committee on Physical Education and Athletics. He desired possible data concerning the plant needs of physical education. I wrote him a letter in which I outlined an eleven-point program which would remove some of the play and recreation poverty for students and faculty of which Mount Oread is now so strikingly desolate. The peculiar topography of this campus provides no adequate level spaces, and to install them makes the cost staggering. This program which I outlined to Dean Stockton contained the following points:

1. Women's building (gymnasium).
2. Grading intramural field.
3. Concrete handball courts.
4. Concrete tennis courts.
5. Improvement and maintenance of University golf course.
6. Placing floor above beams in basketball court in gymnasium for research and recitation rooms.
7. Replacing Potter's Lake with a modern concrete swimming pool for University students.
8. Winter outdoor skating rink.
9. 160 acre golf course two miles from the University, with other recreation fields adjacent. (Kansas Sports Field)
10. Lawn bowls (bowling on the green).
11. Bridle paths on the campus.

Somehow I find myself unable to divorce myself from the thought that the members of the Senate committee should feel themselves responsible for the whole life of the student - their play life as well as their class room instruction. And I am one who is positive in the belief that the play and recreational life of the students is entirely inadequate in this institution.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH

January 21, 1939.

At the December meeting of the University Senate, in connection with the adoption of our examination schedule for the Fall semester, some cases of former unauthorized changes of dates of individual examinations from the regular dates assigned were brought before the Senate. The Senate adopted the following motion:-

Moved, seconded and carried "that the Advisory Committee investigate the question of unauthorized departure from Senate regulations concerning final examinations."

The Committee on Examinations made it clear that a method is provided (published in each printed schedule of examinations) for making changes from an adopted schedule in cases where obvious hardships are incurred in the operation of the schedule. The Committee also made it clear that hardships were inflicted upon some students and upon some instructors by changes which had been made from the authorized schedules.

One type of violation of the clear intent of our schedule is that of some examinations much longer than can be written in the assigned periods even by the best students; these cases seem to occur more frequently in the examinations for one and two hour courses.

To the Senate Advisory Committee it seems obvious that any transfer of an examination from a late date to a date early in the examination period (this type is the most frequent of all changes reported) will of necessity work to the disadvantage of most of the students affected; also that use of the last few class periods for examinations (another type of the reported violations) not only shortens the working period in the offending course but also seriously interferes with the work of other instructors during these days. It seems equally clear that fair play calls for strict adherence to an adopted schedule except in a case where an obvious hardship may be averted by recourse to the Senate Committee on Examinations.

The Advisory Committee
of the University Senate.

UNIVERSITY COMMITTEES
1938-'39

I. Appointed by the Chancellor

1. Alumni Interests:
Beal, Dade, Dunkel, Maude Elliott, Ellsworth, Flint, Foster,
W. H. Johnson.
2. Assignment of Quarters:
Nichols, and heads of divisions and departments concerned.
3. Commencement:
Treece, Black, Brewster, Dill, Doering, Maude Elliott, Ellsworth,
Nichols, J. J. Wheeler.
4. Freshman Week:
J. H. Nelson, Black, Boughton, Elbel, Meguiar, Moncrieff,
John J. O. Moore, Payne, F. A. Russell, Werner.
5. Health and Housing: Sherwood.
Health: Canuteson, Sherbon, Woodard.
Housing: Werner, Boyce, Canuteson, Meguiar, OBrien, Parker.

October 21, 1938.

Chancellor E. H. Lindley,
University of Kansas.

Dear Chancellor Lindley:

I shall be very happy to serve as a member of the Ticket Sales Committee under the chairmanship of Professor F. A. Russell in connection with the celebration of the 75th anniversary of the founding of the University of Kansas.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

THE UNIVERSITY OF KANSAS
LAWRENCE

OFFICE OF
THE CHANCELLOR

October 13, 1938

Dr. F. C. Allen
University of Kansas

My dear Dr. Allen:

The first event in the celebration of the seventy-fifth anniversary of the founding of the University of Kansas will be an anniversary dinner to be held on Wednesday evening, November 2. The fact that Mr. William Allen White will be the chief speaker on that occasion will attract nation-wide attention to the celebration.

At the unanimous request of the Committee on Arrangements, I am inviting you to serve as a member of the Ticket Sales Committee, under the chairmanship of Professor F. A. Russell. I sincerely trust that you may find it possible to accept and thus contribute to the success of an occasion which we believe will be one of the most memorable in the history of the University.

With every good wish, I am

Faithfully yours,

Chancellor

Dear Friends:

In a letter from Chancellor E. H. Lindley, as of October 13, 1938, he states as follows:

"The first event in the celebration of the seventy-fifth anniversary of the founding of the University of Kansas will be an anniversary dinner to be held on Wednesday evening, November 2. The fact that Mr. William Allen White will be the chief speaker on that occasion will attract nation-wide attention to the celebration."

In asking me to serve as a member of the ticket sales committee under the chairmanship of Professor F. A. Russell, he further adds: "I sincerely trust that you may find it possible to accept and thus contribute to the success of an occasion which we believe will be one of the most memorable in the history of the University."

Acting under the direction of Professor F. A. Russell, chairman of the ticket sales committee, I would appreciate it very much if you will be able to purchase one or more dinner tickets for this seventy-fifth anniversary dinner. The dinner will be held on Wednesday, November 2, 1938, at 7 p.m. in the Memorial Union Ballroom. The price is 75¢, plus tax. Mrs. Hulteen, my secretary, has the tickets at her desk, and will be happy to serve you.

Since it is necessary for me to make a report on each member of the Department of Athletics and the Department of Physical Education I will appreciate it if you will inform her whether it is possible for you to attend and also the number of tickets you desire.

Very cordially yours,

Director of Physical Education,
Varsity Basketball Coach.

Campus

Dear Dr. Allen:

I believe you have been requested by Chancellor Lindley to assist in the distribution and sale of tickets for the 75th Anniversary Dinner, celebrating the founding of the University of Kansas. This dinner is to be held at the Memorial Union Building at 7:00 P.M., Wednesday, November 2. In order that this work be as light as possible on each, the Ticket Sales Committee has been expanded to include a representative from practically every department of the University.

I am therefore asking if you will kindly contact each member of the teaching staff in the Department of Physical Education and the Athletic Department. In order to complete our dinner plans, we should have a report from you on the number of tickets sold or reserved not later than 2:30 P.M., Tuesday, November 1. Kindly call Miss Beatty, office of Dean Crawford, K.U. 117.

Thanking you for your cooperation, I am

Very truly yours,

F. A. Russell, Chairman
Ticket Sales Committee
