

KANSAS UNIVERSITY ENDOWMENT ASSOCIATION
LAWRENCE, KANSAS

May 2, 1941

Professor F. C. Allen
105 Robinson
Campus

Dear Professor Allen:

I am writing to ask you to serve on a committee from the faculty and administrative staff of the University in connection with the Lindley Lectureship fund.

I am sure you saw the original announcement of this plan to perpetuate the proposed "Plan of Living" which Chancellor Lindley hoped to carry out. The first story was carried in the Kansan, then the Graduate Magazine. A general committee has been functioning among the public generally and graduates and students in the more populous areas. We have a sizable amount already in hand.

This has principally been a letter-writing campaign so that our proposal would be that a letter be sent to each member of the faculty and administrative staff over the joint signature of a faculty committee of eight or ten, giving them the opportunity of joining in this memorial. In no sense is this a high-pressure campaign, but because we have received several calls from individuals on the faculty asking how they might help, we have determined on the procedure suggested in this letter.

I hope I may have your early acceptance as a member of this committee, upon receipt of which I will send you a rough draft of the proposed faculty letter. We want to complete this well in advance of Commencement.

Anticipating your acceptance of this invitation, I am

Cordially and sincerely yours,

Lyle O. Armel
Assistant Secretary
