Dean Paul B. Lewson, College of Liberal Arts and Sciences, University of Kansas.

Dear Dean Lawson:

I want to congratulate you on the very fine success of Christian Emphasis Week. You and Dr. Peale have contributed much to our University group of students and faculty, as well as to the visiting ministers.

We got along yesterday in splendid shape with our tour of the campus. We went to the Hospital, Miller Hall, the Museums, Myers Hall, and arrived at the Union Building in time for the luncheon.

There is just one thought that I want to pass along to you. In my discussions with the ministers they were quite surprised to learn how many ministers the University of Kansas has turned out - Edwin F. Price, Frank Herron Smith, and others. I thought for next year it would be well to let them know how many ministers come directly from the University. Many people, of course, think more of the ungodly tendencies of this "den of sin".

With all good wishes, I em

Very sincerely yours,

Director of Physical Education and Recreation, Varsity Basketball and Baseball Coach.

November 22, 1941 Prof. Gilbert Ulmer College of Liberal Arts and Sciences Frank Strong Hall Campus Dear Frofessor Ulmer, I have your communication regarding Eddie Turner. I am not at all surprised that he is in serious scholastic difficulty. I believe that there is a serious emotional disturbance, although I do not have the knowledge of just exactly what the difficulty is. Doubtless it is an inferiority complex that troubles him. When he came out for basketball he was the butt of jokes from his froshman teamstes. He has very little athletic ability, but he represents himself to the boys as a star player. I think this is similar to his state of mind regarding his studies. I will be happy if I can make any contribution in helping this boy get straightened out. Sincerely, Director of Physical Education and Recreation Varsity Basketball and Baseball Coach

Mr. Turner is in serious scholastic difficulties. I am withdrawing him from one course and giving him an opportunity to try to salvage something out of this semester's program. He has been told that he must drop basketball.

NOTICE OF FACULTY MEETING

The College Faculty's first meeting of the year will be held at 4:30 on Tuesday, October 21, in the auditorium of Frank Strong Hall. The new members of the faculty are to be presented at this meeting. We will surely all be present to greet them.

MID_SEMESTER REPORTS

Please plan your work now so you can make your mid-semester reports not later than November 11. Every year a few instructors put off some examinations till it is too late to grade their papers in time for prompt reports. Late reports invariably cause our office extra work, which results in a very decent degree of irritation. Will you PLEASE be very prompt in this matter.

DR. JOHN NELSON

When for eight years you have had the daily help of a man whose conscience hurts him if he doesn't perform even the smallest duty perfectly, when for eight years you have had the counsel and fellowship of a keen and scholarly mind and of a most loyal soul, when through eight years you have depended upon a man to help you with all your work and have leaned heavily on his insight and understanding, when through these years you have learned to think so much of a friend that you would bet your soul on his integrity, and then find that he must be taken from you because the University needs him elsewhere-well, the very least you can do is to say both privately and publicly: "Thank you, Dr. Nelson, for all that you have done and for all that you are. We hate to have you leave our office but are glad you aren't going to be far away and that we shall still have the opportunity of working with you."

DR. GILBERT ULMER

We are glad to welcome Professor Ulmer to his new work as Assistant Dean. He was chosen for this position because he combines, to an unusual degree, good scholarship, fine teaching ability, and an understanding of and sympathy with youth. We predict that he will not only enjoy his work but that he will also be thoroughly enjoyed by both the students and faculty of the College.

"Who wants to be born into a perfect world? What is there left to do in such a world? What challenge, what place for anger and indignation and pity and effort and sacrifice and triumph and achievement and satisfaction and contentment and joy? These are the things that make it worth while to live and therefore to be born."

Dear Dean Lawson,

Thank you very much for your communication of the 10th instant regarding the laxity and negligence of one of our women members in checking absences from her classes. While I'm not happy to receive such criticism, it is a helpful thing and I've made it a point to call to the attention of our teachers the failure that happened last spring.

It is only by these check-ups that corrections may be made of faults of heretofore.

Assuring you of our desire for efficient cooperation I am

My dear Dr. Allen:

Awhile ago a student, whom I know very well and in whom I have utter confidence, said that there were times when the instructors in the gym classes are careless about calling the rolls, with the result that a great many students absent themselves from some of the work. Criticism was made specifically of some of the women's classes last spring, when in the particular class mentioned, there were large numbers of absences on Friday.

I pass this on to you for whatever it is worth. It may not be a general thing, but in the circumstances, I have to believe that a particular instructor in at least a particular class was very careless last year about checking up on the Friday attendance.

Sincerely yours,

Paul B. Lawson, Dean

Dear Fellow Faculty Member,

Last Friday I received this communication from Dean Lawson:

"Awhile age a student, whom I know very well and in whom I have utter confidence, said that there were times when the instructors in the gym classes are careless about calling the rolls, with the result that a great many students absent themselves from some of the work. Criticism was made specifically of some of the women's classes last spring, when in the particular class mentioned, there were large numbers of absences on Friday.

"I pass this on to you for whatever it is worth. It may not be a general thing, but in the circumstances, I have to believe that a particular instructor in at least a particular class was very careless last year about checking up on the Friday attendance."

This letter is self-explanatory and I trust that our faculty will be careful in checking absences.

Dear Dean Lawson,

I thought you would like to see the enclosed correspondence I have had recently with W.H. Browne.

Browne was the varsity basketball coach at Nebraska until he was called with the Nebraska National Guard. He was also the assistant athletic director at the University of Nebraska and end coach of the varsity football team.

There are some per timent facts in the letter that I though you might be interested in.

My dear Phog:

Thank you so much for showing me the correspondence with Mr. Browne. It is very interesting.

I have sometimes thought that you and I had much in common, for both of us find ourselves so frequently trying to buck the crowd and its accepted practices. Sometimes I get very tired of what seems to be the everyday fight to maintain decent standards. Sometimes I feel like turning the responsibility over to others, telling myself that I have done my share of it, and now it is someone else's turn to carry on; and then I realize that that would be cowardly and that I could do it only by forfeiting my self-respect.

I hope you will continue to stand for the things in athletics for which you have always stood. Good luck to you!

I hasten to acknowledge receipt of your communication of the 30th ultimo giving me the list of college students who are on probation. Would it be possible for you to send me three additional copies for other members of my department?

I would like copies for Miss Hoover and Dr. Elbel and one other for reference to be used in the locker room.

Thank you.
