

January 17, 1939.

Dean Paul B. Lawson,
College of Liberal Arts and Sciences,
University of Kansas.

Dear Dean Lawson.

We are in a dilemma in regard to an offering for
the second semester, and I should like to ask your advice.

Our course in Principles of Community Recreation
is listed as #57 in the College schedule, and in the Education
and Graduate schedules it is listed as #100. This course was
recently approved to give graduate credit, hence the change
in number. There is a slight change in the prerequisites,
namely, three hours of general sociology, and for physical
education majors not less than ten hours of physical educa-
tion.

I shall be glad to have your suggestion in regard
to the numbering.

Sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
