Dr. F. C. Allen

Head Basketball Coach

Kansas University.

Dear Dr. Allen,

The State High School Coaches' Association have appointed me to supervise the basketball clinic which will be held in various cities throughout the state.

The most satisfactory time for these clinics will be the first or second Saturday in December.

I wonder if it will be possible for you and your boys to conduct the clinic for the coaches and high school players in this section of the state. There will be five other clinics throughout the state.

I think it would be nice for every one concerned if the clinic could be the same day that a college basketball game was being played. In this way the boys could attend the game that evening. Any suggestion would be appreciated.

With kindest personal regards,

Sincerely,

Wally
