Dr. F. C. "Phog" Allen  
University of Kansas  
Lawrence, Kansas

Dear Dr. Allen:

Perhaps you will recall that I wrote to you late last winter in regard to your participating in our coaching and officials clinic that was held in Iowa during the Christmas holidays. Because of the lateness of the date and the fact that it interfered with the coaches meeting in New York City you found it impossible to be with us at that time.

We are now making plans for a coaching school and officials clinic to be held here in Iowa from August 18 to the 22, 1941. This coaching school will be similar to the one conducted by the Kansas Association. However, one of the outstanding differences between the two schools will be that our school here in Iowa is going to be held at a modern Y.M.C.A. Camp located on the Des Moines river 50 miles north of Des Moines. This camp has all the modern facilities including a large outdoor artificial pool, tennis, badminton and handball and various other types of courts together with a large athletic field. We have secured this camp for the four day period mentioned above and are planning to offer a course of instruction to our coaches and officials in all of the major sports. In addition to that we plan to place a great deal of emphasis on the prevention and care of injuries. It is our desire to charge a registration fee to our officials of about \$7.00. This \$7.00 will cover the four day period and will also include in addition to the registration in the school meals and lodging for the entire period.

We will be very happy to have you with us during that period. We are expecting to have somewhere in the neighborhood of 200 high school coaches in attendance and we would like to have you proceed along about the same lines that you did at the Kansas School last summer. I would, therefore, be very happy to receive an answer to the following questions from
