

April 19, 1938.

Mr. Ralph Baker,  
Wiangua, Missouri.

Dear Mr. Baker:

Thank you for your inquiry regarding my summer coaching school.

I plan to give an intensive course in basketball and in the treatment of athletic injuries - both courses for the price of one, \$15.00. The details have, as yet, not been fully determined, but we plan to have a school here and one in the east.

Do you have any preference as to dates? I would like to set the time to accommodate the greatest number of people. I shall be glad to hear from you.

As soon as our details are more complete we will send you the information.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
