Mr. N. Jack Burris,
1100 Kentucky St.,
Lawrence, Kansas.

Dear Jack:

The enclosed cards were brought to my office several weeks ago by someone who found them in or near the gym. They have been covered up in the mass of detail in the office and we have neglected sending them to you. There may be something here that is of value to you, and I was sure you would want it returned.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
