Dear Phog: I find it impossible to be present Monday June 13, for your coaching class. I am going to break away some how & be present Wed or Thur at the latest. I called several coaches here in the city & they all seemed interested that are pretty busy in school was just out Friday June 10. I am looking forward to the fellowship & instruction of your class.

Very sincerely yours,
M. P. Bishop

Dr. Forrest C. Allen:

I am sorry but I don't believe I had better attend coaching school. I am carrying eight (8) hours of graduate work this summer and I think I had better use my afternoons for studying.

Coach Lewis H. Brown,
Loup City Schools,
Loup City, Nebraska.

Dear Coach Brown:

I am expecting to conduct a basketball coaching school here at the University for one week, from June 15 to 18. In addition to my basketball I will give a course in the treatment of athletic injuries at the same time and for the same price, namely, \$15.00. This will be a private venture on my part and no academic credit will be given for the course.

I will use as a text my new book, "Better Basketball," published by McGraw-Hill Book Company. I would suggest that you obtain a copy of this text from your sporting goods dealer and study chapters 11 to 20. This has to do with all the fundamentals and some of the advanced play, but especially deals with the individual offense and individual defense, and then follows with team offense and team defense. The photographs and illustrations, as well as the exposition, will give you a very definite idea as to what we expect to take up in the course.

If there are any angles of the coaching situation that you especially desire to bring up I would ask that you make note of all of these, as I assure you we will be very frank in handling your case individually, as well as giving the class the benefit of our thirty years of coaching experience.

Chapter 22, The Trainer and his Equipment, will be very definitely taken up, discussing the training and treating of athletic injuries in such a way that you will be equipped to handle the ordinary injuries that face the coach and some times keep the star player from the game.

I would be glad if you would write me and let me know if you are expecting to matriculate, as I am only taking a limited number of coaches so that we can have a more efficient group to teach. If there are any other questions you desire to write me about I would be very happy to hear from you.

Very sincerely yours,

• Director of Physical Education,

Coach Lewis H. Brown,
Loup City Schools,
Loup City, Nebraska.

Dear Coach Brown:

Answering your favor of the 6th instant, beg to state that it is very possible that I will have a school here for basketball coaching, either in Lawrence or Kansas City the fore part of the summer.

I am tentatively planning on one in the East also this summer, but the date or place has not been set as yet.

I was thinking about having the school the latter part of June or the first week in July here. I had also planned to give a course on the treatment of athletic injuries to go along with my basketball course.

What would be your preference as to dates, so far as you are concerned? I will be glad to hear from you at your convenience.

Very cordially yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Mr. Allen:

Your reputation as a basketball instructor is the reason for writing this letter. I am wondering if you know at the present time where you will be instructor in a coaching school this summer. I am very anxious to get some basketball instruction and will make every effort to attend any school you teach in that is close.

Any information you can give me about any coaching school around close will be appreciated. I have written to Browne of the University asking for the same information.

Yours truly,

Mr. L. W. Shannon,
Fairfax, South Dakota.

Dear Leo:

Thanks for your inquiry regarding my summer coaching school.

I plan to give an intensive course in basketball and in the treatment of athletic injuries - both courses for the price of one, \$15.00. The details have not been fully determined, as yet, but we plan to have a school here and one in the east.

Do you have any preference as to dates? I would like to set the time to accommodate the greatest number of people. I shall be glad to hear from you. As soon as our details are more complete we will send you the information.

With best wishes, I am

Sincerely yours,

Director of Physical Education,

Dear Percy:

I have been receiving a number of inquiries about a coaching school this summer. I am contemplating holding such a school here, perhaps in June or July. I am wondering which date would suit you better.

I am planning an intensive course of one week's duration, offering both basketball and the treatment of athletic injuries for the price of one course, \$15.00. I expect to give a fulsome course, and wouldn't want the class too large.

I should be glad to hear from you and learn your preference as to dates.

Did you get a copy of "Better Basketball" and are you studying it?
