DAVIS, CALIFORNIA

3/28/38

Dear "Phog" Allen:

I have just read in the *Cramer Trust* Aider that you are planning a summer short course in basketball and athletic training so I would like to get some additional information about the date, dues and if there is credit given towards a degree. I am now coaching basketball and head trainer at the College of Agriculture in Davis California and would be very much interested in taking your course if it is possible to make arrangements. Thanking you for your information and hoping to hear from you soon.

Sincerely,

George Stromgren
