

CRAMERGRAM

A Message from

The Cramer Chemical Co. Gardner, Kansas

March 4, 1938

Dear "Phog":

It is perhaps a little late here the morning after, but sincerely all of the Cramers wish to join me in congratulating you on the very fine championship just completed.

Knowing you as we do, we feel that we, personally, shared honors in this affair and are mighty glad that you can "keep Kansas on the map" as you do.

Of course, I imagine you will be hard to live with for awhile, so while congratulating you, I send my sympathies to Mrs. Allen.

Kindest regards,

A handwritten signature in cursive script, appearing to read "Chuck", with a long horizontal flourish extending to the right.

THE CRAMER CHEMICAL CO.
