University of Kansas  
Lawrence, Kansas

Dear "Phog":

We still have time to correct the "FIRST AIDER" as you suggest, although there are maybe four or five hundred press proofs out that are printed like the one I sent you. These, however, are just for proof purposes and not to be mailed. The printer starts at noon today and I have time to make change as you suggest.

Bill was thrilled to read the last paragraph of your letter regarding his attendance at your school and he is counting big on it. He will, no doubt, harass you with a lot of minor questions, but I know that you are able to handle kids, as you have some pretty swell ones of your own.

We will await your communication on any help that we can give you on any advertising. Just remember that what we have here is yours to use in any way you want.

Again thanking you, we are

Very truly yours,

*Chuck*  
THE CRAMER CHEMICAL CO.
