JOHN B. VANWHY, DIRECTOR

DEPT. OF HEALTH AND PHYSICAL EDUCATION  
AND INTERCOLLEGIATE ATHLETICS

Dr. Forrest C. Allen,  
Director of Physical Education,  
University of Kansas,  
Lawrence, Kans.

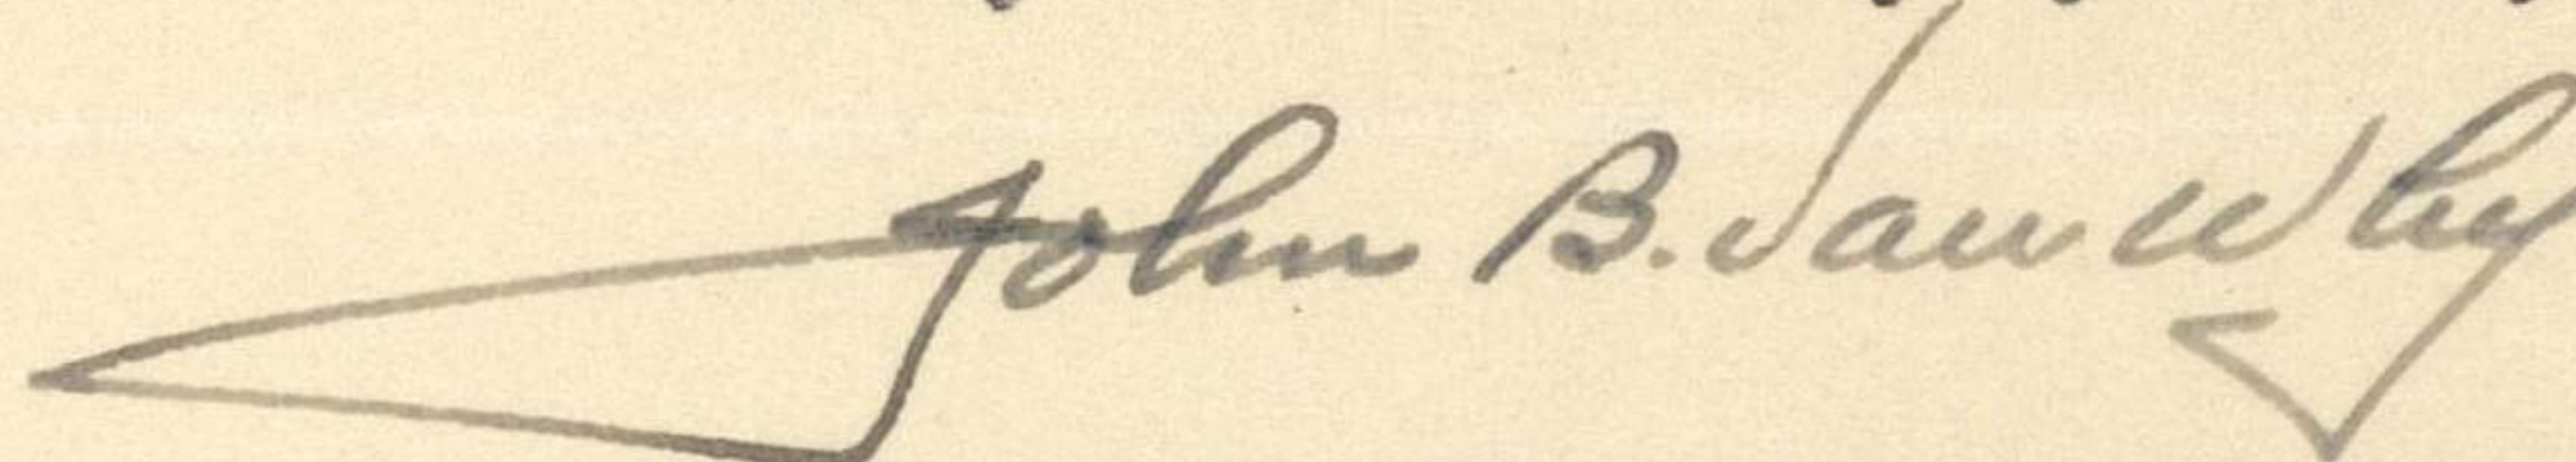

Dear Phog:

May I take this opportunity to thank you for so graciously appearing on the program of the Men's Athletic Section at the National Physical Education Convention in Atlanta? I have received several compliments with reference to your talk, which I believe are indicative of the way in which you were received.

Of course, anyone with a national reputation such as you, would be received by any group at any time.

If you are in this vicinity, do not fail to stop in and see me. I can't provide another Georgia Tech-South Carolina baseball game, but I do think that we could find something interesting to do.

Very sincerely yours,

John B. Van Why, Director of  
Health and Physical Education
