Dear Phog Allen,

Your good letter to me is typically you, and I have made some things plain to the committee: that they need never have become wary of the commercial side of the project. That's where I failed; the committee thought the college was about to undertake some more emphasis on athletics.

But so it goes: we have no contract where there is not a meeting of minds.

Regrets, too, on my part, because I like adventure.

Yours cordially,

*K. G. Lind*
