Dear Friend Allen,

Your book came this morning, and has set me back an hour -- the hour given to the reading of such pages as breath of "Phog" Allen.

When your letter came announcing the book, I had some fears -- that it would be solely a text-book on offense and defense, of squad diet and leg bandages, but it is definitely more; it is a definitive treatment of the sport, full of entertaining reading, full of that commendable interest in the boy athlete, rather than in the score-board. It is that attitude for which I have long held the author in high esteem.

The years slip away; I had no idea that Milton's play for Kansas is now history.

Yours for a Happy New Year,

K. G. Lind
