

# ESTES PARK CONFERENCE

## OF THE

### YOUNG MEN'S CHRISTIAN ASSOCIATION

THE ESTES PARK CONFERENCE was organized as a place of training for Christian workers. Educational groups as well as various social welfare organizations have found these Grounds an ideal meeting place. The summer months are scheduled with conventions, conferences, summer schools and educational seminars. The facilities of

the Grounds are available to people of cultural interests, such as teachers, social workers, clergymen, Y.M.C.A. secretaries and others. The equipment is especially adapted to the uses of families who wish to combine study and inspiration with a summer vacation. Season: June, July, August and a portion of September as needed for Conference purposes.

## LOCATION

The Estes Park Conference, with its 800 acres, and 150 buildings, is located  $4\frac{1}{2}$  miles southwest of Estes Park Village, in the heart of the scenic beauty of that country, adjoining Rocky Mountain National Park. Those familiar with the Conference Grounds claim there is no other location of such surpassing beauty, or so convenient to so many points of interest. Within easy hiking distance are splendid trails leading to Long's Peak, Bear Lake, Loch Vale, the Glaciers, Fern and Odessa Lakes and Marguerite Falls, and splendid automobile roads to the Continental Divide, Horseshoe Falls, Horseshoe Park, Estes Village, the Fall River Road over to Grand Lake and the new, magnificent, million-dollar Trail Ridge Road of unbelievable scenic beauty.

Railroad tickets may be purchased direct to Estes Park and are good on the busses of the Rocky Mountain Parks Transportation Company, which leave Denver for Estes Park daily on a regular schedule, any of three differ-

ent routes being available — Big Thompson Canyon, North St. Vrain or South St. Vrain Canyons. Trunks may be checked straight through to Estes Park, the Transportation Company carrying them from the nearest railroad point to the Village, making a charge of \$1.25 per 100 pounds. A charge of 50 cents will be made for the carriage of trunks from Estes Park Village to our main campus.

The Rocky Mountain Parks Transportation Company operates a car between the Conference Grounds and the Estes Park Village.

Those driving their own cars will find a well-marked highway running out of Denver, through Longmont and Loveland to the Big Thompson Canyon, or through Lyons for the North and South St. Vrain Canyons. Distance from Denver to Estes Park Village, 75 miles.
