There will be weekly seminars for clergymen every Tuesday morning during the entire season. There have been arranged a number of week-end conferences on personnel, business, economics, and education, which will be conducted in cooperation with various universities and colleges.

Evening programs of music and entertainment, and a series of evening outdoor camp fires have been arranged through the cooperation of the National Park Service. National Park rangers will lecture and take those interested on all day nature hikes.

Many of the conferences are open to guests on the Grounds. However, guests will not be bothered or urged to attend anything, but will be perfectly free for recreational activities of their own choosing.

Mothers can leave their children in her care while they attend classes or conferences or enjoy out-of-doors activities in the mountains.

Children in this group are from three to ten years of age. A nominal charge of 50 cents a week will be made for each child, or \$1.00 a week for a family regardless of the number of children.
