Dear Mr. Allen:

The information for advertising purposes has arrived but we have held up the formal announcement of your connection with our school until we have definitely signed up a football coach. The men we have signed up are Andy Kerr of Colgate for football and Johnny Jacobs of Oklahoma for Track. We expect to have added to this three some of the men from the southwest to assist in a minor way in the various sports, but so far none have been definitely employed.

I would like very much the time you want for the teaching of your theory courses, both in basketball and your training course. Also the amount for demonstration in the gymnasium. As I recall in our telegram to you we stated that you would be called on for a public lecture. This is more or less a missionary work to help the public in this town and country get a bit more interested in sports in general and basketball in particular. The subject you are to talk on will be left entirely to you. I will let you hear definitely from me in regard to the final arrangements about our program as soon as we get the information from you three conducting the schools as to the hours of work.

Looking forward to a successful school and a great deal of pleasure in again being associated with you, I am,

Yours very truly,

J. W. Jones
