Mr. H.E. Coyer,
Director of Athletics,
State Teachers College,
Buffalo, N.Y.

Dear Mr. Coyer:

I am not definitely certain whether
I will accept basket ball coaching course assignments for
this year or not.

I am planning on editing a brand new
book on basket ball and for that reason I may decide to devote
my spring and summer to this activity.

For five years I have been teaching
at Springfield College, Springfield, Mass. but I will not be
there this year and may confine my activities elsewhere than
coaching. However, I will be glad to have you indicate what
you feel you would be able to stand for such a course. As I
have no schools in your region at the present time, my travel
expenses, of course, would have to be considered.

I will be glad to hear from you at
your leisure.

Sincerely yours,

Director.

P.S. I am sending you three copies of Sport Story Magazine con-
taining articles that I wrote for Street & Smith's publication
this past month and, also, I am sending you a copy of the "Country
Gentleman". All of these articles concern some phase of basket ball.
I thought you might be interested in reading them.

F.C.A.
