Kansas

Attention: Dr. F. C. Allen

Dear Dr. Allen:

In accordance with your request we are pleased to quote on our Wallace & Tiernan Visible Vacuum Chlorinator, type MSVC-M for replacement of your swimming pool Chlorinator which has been in service over seventeen years. It has been the practice on chlorination of pools in recent years to install this Vacuum type equipment.

Our inspection of your present equipment shows that it would necessitate expenditure of approximately \$250.00 in order to place this unit in operating condition and, at the same time, you would have obsolete equipment.

At the present time there have been parts installed and others which have been ordered for this equipment at the approximate cost of \$100.00 and, in consideration of your order for new type equipment, we will be pleased to cancel invoices on these parts and service rendered and, in addition, allow you a trade allowance of \$50.00 on your present unit.

We are submitting our proposal covering our Visible Vacuum Chlorinator at the total price of \$1,215.00 f.o.b. Lawrence, Kansas, less \$50.00 allowance, leaving a net of \$1,165.00.

We are attaching with our proposal, priority application PD-1A which will be necessary for you to file to secure proper priority rating for the purchase of this equipment.

This quotation is subject to thirty days acceptance and to our usual terms of payment; net cash thirty days from date of invoice; title to remain in us until the equipment is paid for in full. Sales tax, if any, to be added.

Wallace & Tiernan, Sales Corporation warrant for a period of one year after shipment that the apparatus shipped, of our manufacture, is free from defects in workmanship and materials, but its liability is limited to the replacement, f. o. b. Newark, N. J., of the defective parts thereof.
