Dr. Forest C. Allen
University of Kansas
Lawrence, Kansas

My dear Dr. Allen:

I was out of town when your telegram came and it was several days before I received it. Anyway, the basketball position had been filled before that by Everett Nicholson from Arkansas City. I think he is an excellent man. I am glad that Eddie Wood has a good job selling cars. He is a good salesman and deserves to succeed in that field. As you know, Vanek is at North High School, so Wichita should produce some better basketball this year than heretofore.

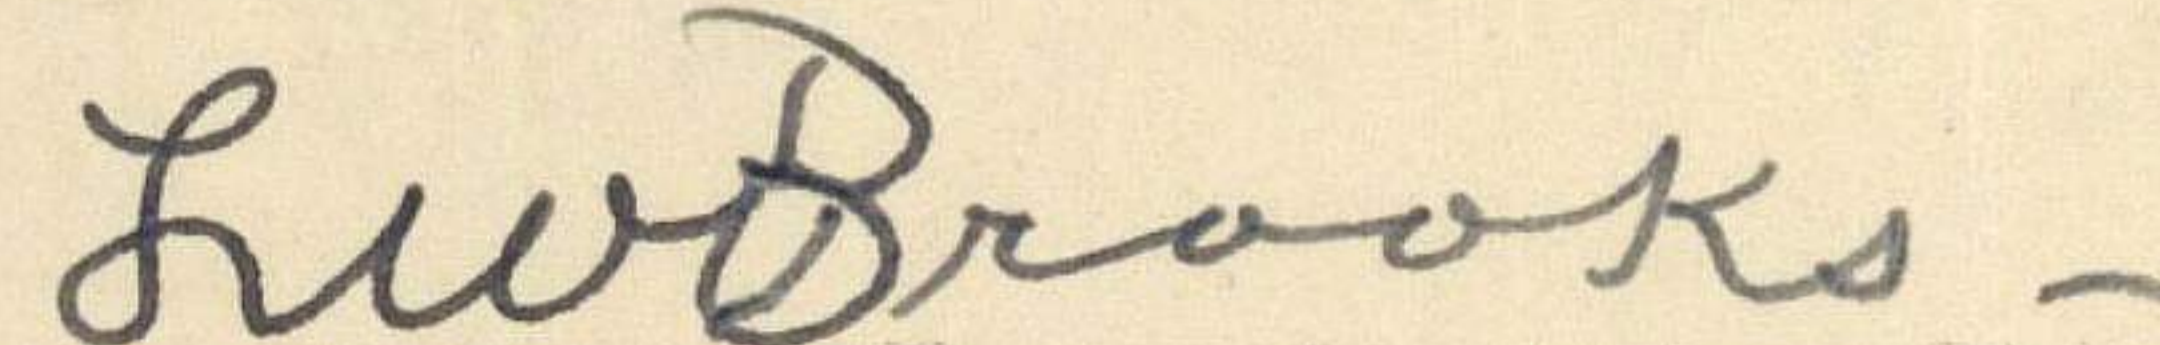

I am most grateful to you for your interest and wish I might have had one of the boys you had trained in basketball, for I have great faith in your system.

Our big football boy, McEnulty, is attending Wichita University. He tried to get a job in Lawrence and not being able to, decided to take work down here this year. He is an unusually fine fellow and a good football player.

School has opened well here in Wichita with slight increases in the high school and a great increase in interest in athletics. I think we will do better, at least I hope so.

With best wishes for a splendid ~~year~~ at K.U.,
I am

Very truly yours,

L. W. Brooks, Principal
