Dera Phog:

We are going to have our annual meeting on March 19th, as you can see from the enclosed. This is the meeting at which I would like to have had you as our speaker if it could have been arranged. We are going to have a grand time at this meeting. We have ~~##~~ had all kinds of luck in arranging it and I expect a turn out of over a hundred in contrast to the 38 who attended last years meeting. ( There were more than 38 there but that was the total of the alumni ). Leo Fitzpatrick ~~even~~ said that he and Gordon Saunders would take charge of the singing for us and would do a little number of their own.

I wish you could be here but in as much as you cannot I want to know if you will write the alumni here a little letter of greeting which I can read at the meeting. I have a letter from Fred and he promised to send me a recorded greeting from the Chancellor. These messages are appreciated by all. If you dont have time for a letter send us a wire, will you ?

Do you remember that you wrote me that Chuck Elliott would send me some data on the team and the players that I could take to the newspapers here. I asked that he also send me ~~two~~ pictures of you. This was about the middle of December. When I saw Chuck he said that he had sent it all right. Well, I got it about the first of February. It was sent third class mail and is a example of the difficulty we are having with the mails these days. Mail simply has to be sent first class to receive attention. I'll never forget how all my notices of your coming to Detroit were held up. I would have liked to have had this material. It made very interesting reading, especially after having met the boys. I am enclosing in the letter the three pictures of you which Chuck sent as ~~XXXXX~~ he may be able to use them.

I'll close here with my very best wished to you and the team. Don't fail to send me the greeting as there is no one the alumni would rather hear from.

Very sincerely,

Bob Fisher
