

BETTY FITZPATRICK
2926 VICTOR
KANSAS CITY, MISSOURI

Dear Doctor Allen:

The basketball season may be over, but it is certainly not forgotten. There are some very pleasant memories lingering in our minds of good times enjoyed at the games. It really takes H. U. to make them interesting.

I do want to thank you for the grand tickets you secured for us during the tournament. Also, for the many courtesies extended to us at Lawrence this year. This all contributed to a thoroughly enjoyable basketball season & I thank you again

Sincerely
Betty Fitzpatrick
