Kansas City, Mo.

Dear Dr. Francisco:

I want to tell you how happy I was to see you at the basketball game, and only sorry that I did not get an opportunity to visit with you. It was mighty nice of you to show the enthusiasm that you do for sports. I wish that I might have had time to usher you over to our bench so that you could have sat with our boys, but I was pretty much keyed up just before that Oklahoma contest and was thinking of whipping the Sooners and not doing much entertaining.

I wanted to tell you that Bobby Allen made every effort to endeavor to see you in Kansas City, but he came home with a very severe cold bordering on flu and we kept him in the house most of the time. We got a letter yesterday from him in Philadelphia saying the cold was still holding on but he hoped to fight it off successfully. He appreciated your interest in him in asking that he come to see you.

With kindest personal regards, I am

Sincerely yours,
