

December 27, 1939.

Mr. Joe Fair,
Stanolind Oil & Gas Company,
Ellinwood, Kansas.

Dear Mr. Fair:

I am sending the statement to you for your 7 golf clubs, irons and woods, and 1 ladies golf bag. The irons were \$2.65 each, making a total of \$13.25; the Helen Hicks champ woods were \$3.35 each, making a total of \$6.70 for the two of them, and the golf bag was \$2.65. Parcel post and insurance was 43¢, making a total of \$23.03 in all.

The golf bag was not exactly like the one that was shipped to Isabel, but I trust that it is satisfactory. When I finished talking to Lowe & Campbell they found they did not have a putter listed on the order and thought that we needed one, so they just put one in. They thought if I did not want it I could return it to them for full credit just as soon as it is returned. That would be a credit of \$2.65. I did not order it, they just sent it along.

They presumed, of course, that this order was for Milton's wife, and this was done as a personal favor to me. I explained in my other letter the necessary caution in handling this shipment.

Mrs. Allen called for you and Milton on a station to station call, thinking that she would catch one or the other of you in the office, and they had her hold the phone while they went to look for both of you, but you were both out in the field. This ran the phone call up quite a bit. Then Milton called in to find out about the clubs. Then I called Lowe & Campbell a couple of times, so all of these calls ran to \$3.25. I thought \$3.00 would be sufficient for the pro who was kind enough to cooperate with us. This is a courtesy to him. This would make a total of \$29.03. If you will kindly send your check to me I will take care of all details. The invoice from Lowe & Campbell is enclosed.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
