Orange, New Jersey

Dear Sirs:

I was in Dr. L.E. Bice's office a few days ago and he showed me two charts made by your company, one on The Nervous System and the other on The Circulatory System.

I have a class in Treatment of Athletic Injuries and find these charts would be very helpful. Would it be possible for you to send me about eighteen charts each of The Nervous System and The Circulatory System?

This service would be appreciated very much.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
