

January 24, 1939.

Mr. Crockett Farnell, Coach,
Haines City Schools,
Haines City, Florida.

Dear Mr. Farnell:

I am glad to know that you have read my text, "Better Basketball", and that you are interested in the movie reel on fundamentals of basketball.

This reel is handled by our Extension Division, and I suggest that you write Mr. Fred Montgomery, secretary of the Bureau of Visual Instruction, here at the University of Kansas. He can send you full details on rental charges, and so forth.

It is quite possible that the Extension Division of your own state university would also have this movie, which was made by the Eastman Kodak Company. It might be less expensive for you to obtain it from some school in your own territory.

However, I am sure that Mr. Montgomery can fill your request.

With best wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
