

February 23, 1939.

Mr. Knight Prophett,
College Department,
Thomas Nelson & Sons,
381 Fourth Avenue,
New York City, N.Y.

Dear Mr. Prophett:

I was glad to have a visit with you the other day, and hope that you will drop in each time you come through Lawrence.

I have just had a conference with Dr. Elbel who says that you sent him, without charge, the series of elementary grade school books and teachers outlines. He purchased J. F. Williams' book and Fannie B. Shaw's methods and materials of health education. He thinks these are very valuable aids in teaching.

The next time you come to Lawrence I suggest that you drop in to see Dr. Elbel.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
