Dr. Forrest C. Allen,
Director of Physical Education,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

In reply to your letter of the 22nd regarding the official Tennis Tables. I would appreciate it very much if you would try and locate two regulation tables. Inasmuch as I am bringing the Top Ranking Players of Kansas City I would not want to ask them to make an exhibition, before such a crowd, on the plain varnished tables. They are anxious to put on as good an exhibition as they are capable. The varnished tables not only would handicap the vision, it would effect the bounce of the ball.

I was conversing with Junior Coen the other day and mentioned the subject of Tennis Tables in Lawrence. He said several of the Profse had them in their homes, so you probably won't have much trouble locating two tables.

May I also make the suggestion that you have four ushers or boy scouts to run down the balls? I am afraid if we didn't have someone, we would spend most of the twelve minutes shagging balls, with so much space behind us.

We are looking forward to making the exhibition, and sincerely hope that we can put on an interesting show.

Very truly yours,

Ruth Forsythe,
Federal Reserve Bank.

P.S.

I just received the tickets from Mr. Falkenstien and thank you very kindly

RF
