Messrs. Glenn and Lyle Foy,
1155 Ohio Street,
Lawrence, Kansas.

Dear Glenn and Lyle:

It is needless to tell you how very much grieved we were to hear of the loss of your dear mother. I assure you that I can appreciate what this means, because I was nineteen years of age when this irreparable loss occurred to me.

I was with Glenn Oatman when we heard of your bereavement. Glenn said, "I want you to know how heartsick I am because although I have not lost my mother, she is the dearest person in the world to me." With Glenn's thought, and those of mine, I assure you that we can deeply sympathize with you in this sad hour.

However, we do have the wonderful remembrances of the fine years that we had with our mothers, and I am sure that those memories will always be cherished as some that never fail. May I say to you that I, too, understand.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
