Lawrence, Kansas.

My dear Max:

It seems like old Santa Claus Allen is always late. He is always getting there after everything is over.

I had hoped you could have this before Christmas Day, but after you got to be a grandfather you move rather slowly, so I am sending you this by mail and trust that you will take your little sister, your mother and dad, and have a good laugh before school starts next week.

Wishing you a very Merry Christmas Week, and a very Happy and Prosperous New Year, I am

Sincerely yours,

Varsity Basketball Coach,  
Director of Physical Education.
