Dr. A. J. Mix, Chairman,
Physical Conditioning Administrative Committee,
University of Kansas.

Dear Dr. Mix:

The absences of William Warren prior to March 24 had been excused. The instructor of his class reported a total of 9 absences to me, and I find that 6 of these occurred before March 24. He now has 3 unexcused absences.

Also, the instructor of Clyde Jacobs class informs me that he has presented excuses for his absences. At present he has no unexcused absences.

Sincerely,

Secretary, Dept. of Physical Education.
