Dear Miss Richards,

I am sending you another gloss of Doctor Allen. This is a recent one taken at his desk and I thought perhaps you might desire this over the other one. The one that I sent you has been used much more frequently. This one that I am sending you now may not be satisfactory, but it is newer photograph by at least 11 or 12 months.

The gloss that you do not use will you please send back to us at your convenience?

Sincerely,

PMG/g

Secretary to Dr. Forrest C. Allen
