June 22, 1942.

Dr. Forrest C. Allen
Director of Athletics
University of Kansas
Lawrence, Kansas.

Dear Dr. Allen:

Glad to get your letter of June 16. I figure probably the livest time to run the article would be at the time of the N.C.A.A. tournament. That probably will be the last of March, which would mean we would catch it in our April issue, going to press January 1. Of course it would be good any of the winter months, but I feel that the tie-up for promotion would be a little better to hit tournament time. Feel perfectly free to speak your mind. I don't think you can make the article too strong for us. Glad you are to do it for us.

Cordially,
