

November 12, 1940

Dr. J. H. Schrant  
Wolcott Building  
Hutchinson, Kansas

Dear Dr. Schrant:

I received a letter dated November 1 from L. E. Means, stating that there is one hitch in the order for basketball glasses for Marvin Sollenberger. Mr. Means states that he wrote you asking for the pupillary distance and the bridge width. He states these were omitted in your prescription.

If you have not already sent this information to Mr. Means, the Athletic Director of Beloit College, Beloit, Wisconsin, will you please do so in order that there will be no further delay in giving Sollenberger the benefit of these glasses.

By the way, Charles Walker states that these glasses have helped him very much and I am hoping for the same results for Marvin Sollenberger.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach
