Dr. J. H. Schrant
Wolcott Building
Hutchinson, Kansas

Dear Dr. Schrant:

We desire to purchase a pair of safe-play glasses for Charles Walker, one of our basketball men. These lens are non-breakable and absolutely safe. The only people that I know of who make these glasses are the "Safe-Play" Goggles Company, Beloit College, Beloit, Wisconsin. L.E. Means, Athletic Director, is the owner of the Company. Please direct your letter to him.

I have been in communication with Dr. H.L. Kirkpatrick, Mills Building, Topeka, Kansas, who does most of the eye, ear, nose and throat work for our varsity athletes. I talked with Dr. Kirkpatrick this morning over the phone and he suggested that I write you asking that you send to Mr. L.E. Means at Beloit, Wisconsin, the prescription for Charles Walker's correction and the pupillary distance.

Our Athletic office has sent a requisition to the Safe-Play people at Beloit, Wisconsin for the glasses, and if you will be kind enough to send the above mentioned items to these people they guarantee delivery within a week. I will appreciate it very much if you will comply with this request at your early convenience.

Charles is doing a fine piece of work in basketball and we feel that when he is able to see far enough down the court to distinguish his opponent, he will play a greatly improved game.

Thanking you, I am,

Very cordially yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
