

February 23, 1942.

Mr. L. E. Means,
Beloit, Wisconsin.

Dear Mr. Means:

We are returning to you again the frames for Sollenberger's glasses. They are for 44 mm. lenses and our local optometrist tells us we need 42 mm.

Since we have had to return these to you two or three times for repair we thought surely you would know the size of frames to send. We are in great need of these frames, and will appreciate your sending the proper size by return mail.

Sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
