

December 20, 1940

Miss Ruth Baker  
Lakewood Consolidated Schools  
Battle Creek, Michigan

Dear Miss Baker:

I received your very good epistle as of December 1, 1940. The day after I received this I drove to Wellington and passed by your big city of Lebo. All the red roofs with the background of white snow made a very lovely setting.

I will not endeavor to write you a long letter tonight because we are getting ready to leave for New York on December 23. We stop at Ann Arbor for a day and will stay at the Union Building that night. We then will go on to Buffalo and West Point, after which we play in New York, Philadelphia and Chicago.

I will answer your question regarding Dutch Uhrlaub. His address is c/o James Arkell, Junction City, Kansas.

With kindest personal regards and the best of the Yuletide's Blessings, I am,

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach

FCA:lg

Division conducted by Dr. Cook from Ohio  
State, <sup>He used to be at R.S.T.C. at Emporia.</sup> a wonderful fellow, I think. No  
sooner had I arrived than I had been  
appointed recorder for the group; thus  
I couldn't sleep thro any meeting. It  
was too interesting for anyone to sleep  
thro anyway.

I had charge of recreation each  
evening. Square dancing, Paul Jones'  
etc. I felt almost out of place directing  
a group of directors, yet they were quite  
attentive & seemed to enjoy it all.

In spite of our hard work, we enjoyed  
it - especially the Turkey dinner & all  
its trimmings. Thru. even tho Mich.  
celebrated Thanksgiving on Nov 21. We  
had deer & moose thru. vite.

I'm planning to go as a councillor  
with one group of our 9th graders in  
Feb. for 2 weeks. Mr. Hazel (Supt) gave  
me my choice of any group. He said  
"and I want you to choose the group  
that will cause you the least work  
& worry. You've worked hard & I want  
you to go to camp & relax." I don't know

Kellogg Hall  
Battle Creek, Mich  
Dec. 1, 1940.

Dr. F.C. Allen,  
Lawrence, Kans.

Dear Dr. Allen:

While the snow looks so  
inviting, I'll confine myself to these  
warm quarters and write a letter. If  
I attempted to write about all of my  
interesting Michigan experiences, no  
doubt I'd have a book.

I can't see that being a certified  
Mich. teacher has changed my abilities  
or duties; however, may I say I can  
at least have a feeling of security, and  
I'm sure you've enjoyed not having  
to bother with it. and for once I'm  
writing to you without asking for  
help. You should appreciate this.

I'm still in love with Michigan.  
When asked if I had been homesick,  
I said "No, I haven't had time to think

of home." and I'm glad to be kept busy, however occasionally I wonder if I'll get everything done.

Now that the grade school operetta is over, I'm relieved of dance rehearsals, or rather I should say for 7 dances. I still have dancers for the H.S. operetta and am starting tomorrow on the Xmas pageant.

The past week has been a week of weeks - each day a day of "days" or "days" either would fit.

Ethel Bowers of the Nat'l Rec. Assn. was here all week giving nice classes in games & dances for socials. The school board paid my fee & sent me as a representative. However, I only got there 3 nites & those were broken up. Mon. nite I left early to hear Kellenbain talk on "World Situations Today." He was marvelous. Wed. finally ended after a bowling match between my G.A.C. & Central High, a Camp preparation Committee meeting, a dinner for deer (and it was very good) followed by an open house P.T.A. from which I ran at 8:15 to go to Ethel Bowers. After her session several of us went to the Swing Bowl to witness a fitterbug contest. Such contortions & exertions as went on. I was worn out from watching it. Well, finally - last but not least - I retired in time to be rested & ready to go to Kellogg Foundation Camp Thur. Fri. & Sat. for a Camp Workshop.

Some 35 or 40 members of the Nat'l Camping Assn were present as well as representatives from Lakeview, Decatur & Atsago (the 3 schools involved in our camping program) and representatives from Detroit, Cadillac, & other Mich Camps. Educators from Ohio State, N.Y., Mich, New Mexico, etc were present to help us iron out problems. I was assigned to a Program Planning

why. I must have the wool pulled over his eyes. I can't see that I've done anything outstanding; however I realize I'll profit most if I do my best. Someday I may get my ego knocked down & be put in my place; but with Phys. Ed. not having a foothold here, I think I have something to offer, & I hope to get P.E. where it belongs. at least make a contribution if I possibly can.

The Jr. Hi. principal is a peach. She's tops. She was my faithful partner at the camp workshop. I had no worry about failure to meet the educators & high-ups at the meeting. The Prin. saw to it that I was in the background. I was able to return the favor in a few cases such as Miss McKeller from N.Y.U. Campfire Director, & Mr. Allen, N.Y. Camp Director, etc.

Our only handicap was that we had to drive back & forth & the road

being icy & snowy, it took a good deal of our time. Not bad of the morning; but I was a bit worn out by time I retired after recreation until 11:15 or 11:30, get home at 12:30 & have to write up my notes I took all day before they got cold. Yes, it was a long 3 days, but well spent. I even cut my classes in Ann Arbor Sat.

Only 3 weeks till Xmas Vacation which is supposedly only till Jan 2; but Mr. Hazel again says, "If you desire 2 weeks, it's between you & me, arrangements can be made, since you're from such a distance." People here think Kans. is on the opposite side of the world, I think. However, it will be a grand feeling to know that if I should get snowed in in K. I don't have to rush back.

It has been quite snowy & icy here since Wed. & is snowing today however it's melting quite fast.

I had a letter from Loize Montgomery at Neb. U. recently giving me a bit of K.U. news. She asked about Dutch Uhlau. What did become of him?

How is the basketball team coming along? I get razzed plenty about K.U. during football season; but I always just say "Wait till basketball season begins!" & that shuts 'em up.

Well, I send my best wishes to my K.U. friends. & now off to make a snow man.

Sincerely  
Ruth Baker.

Battle Creek, Mich.  
Dec. 22, 1948.

6525 Sheridan Rd.  
Chicago, Ill.

Mr F. C. Allen  
Lawrence, Ks.

Dear Mr. Allen:

Due to uncertain weather conditions there and here, I don't feel I can get 850 miles from my job, thus my Xmas vacation is being spent in Battle Creek. I intend to do some studying at Ann Arbor, too. Sorry I won't get to drop in at K.U. + renew my acquaintances.

A card from Eliz. D. MacCurdy says Catherine has quit teaching + is married. Am I losing out on news + gossip about K.U.? Who takes her place there?

Where will the K.U. - Loyola B.B. game be played Jan 2 in Chicago. Some of us may drive down from here to see the game. We need to know the location of the place, as Chi isn't as easy to find things in as Lawrence unless you know where where you're going, especially as our time will be limited after school. Merry Xmas and Happy New Year. Luck to the B.B. team. Sincerely  
Ruth Baker.

December 27, 1940

Miss Ruth Baker  
Kellogg Hall  
Battle Creek, Michigan

Dear Miss Baker:

Your letter of December 22 was received while Dr. Allen was on his way to New York to play in Madison Square Garden, Philadelphia, and Chicago.

As far as I can gather from our correspondence with Loyola University, the game will be played on the Loyola court. The address of the University is 6525 Sheridan Road, Chicago.

Sincerely yours,

Secretary to Dr. Forrest C. Allen

December 23, 1940

Mr. and Mrs. Francis C. Bannon  
417 N. Esplanade  
Leavenworth, Kansas

Dear Tim and Jim:

We want you to know how very much we appreciate your thoughtfulness and hospitality in asking the Allen Clan to your domicile on Christmas afternoon, December 25. It so happens that we will be in Buffalo, New York that day watching the play of colors that evening on Niagara.

We will take off that night via Albany for West Point, New York, where we will spend the day, December 26th, and later that afternoon we will go to New York City where we work out between halves of the Illinois-Manhattan game in the Garden.

We do want you to know how very much we appreciate your thinking of us, and will you kindly convey to Mr. and Mrs. George T. Ross our thanks to them.

Wishing you a Most Happy Yuletide and one of the Most Prosperous New Years that you ever experienced, I am,

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach

Lawrence, Kansas

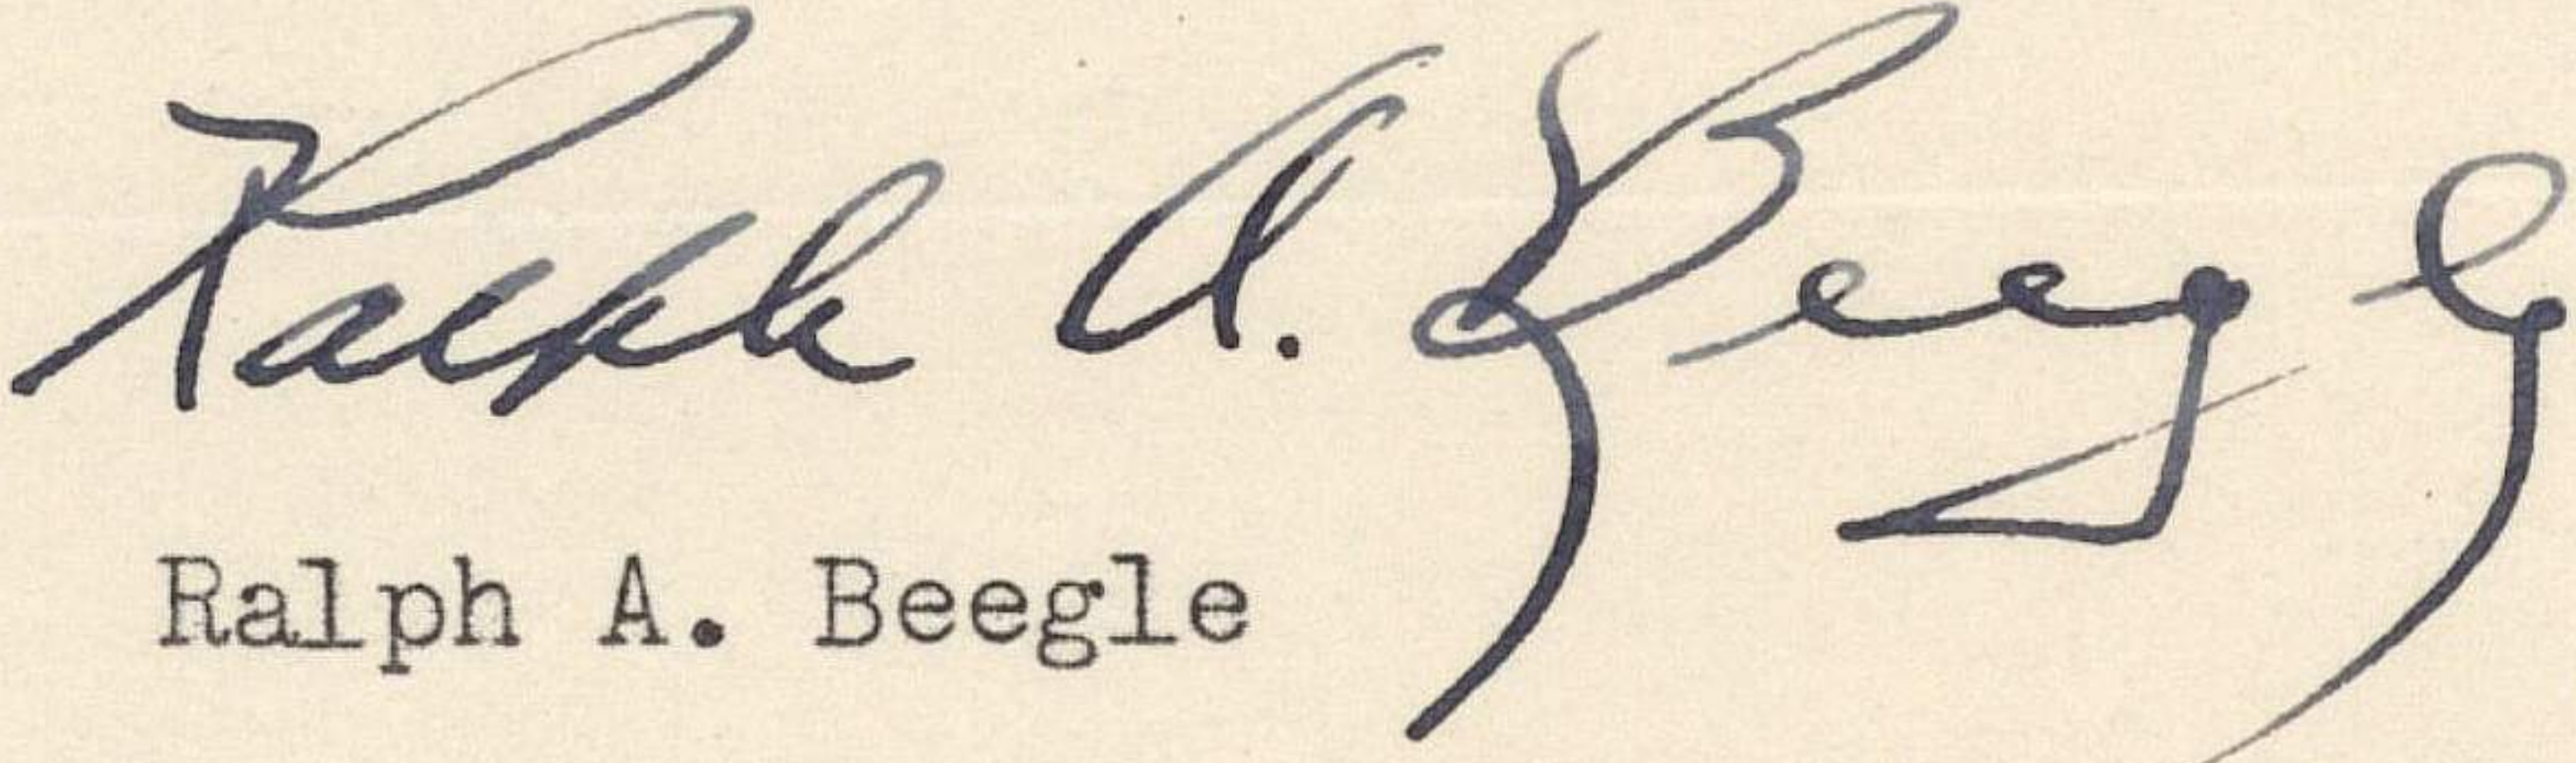

Dear Fog:

Back to my desk after a two weeks vacation  
and the Xmas holidays.

I am glad to hear you liked the Cerophyl  
knife. I hope you didn't rupture too many finger-  
nails before you finally got it open but do hope  
you will have a lot of pleasure out of it.

Looking forward to seeing you and Wishing  
you a Very Successful Season and a Prosperous New  
Year, I am

Sincerely yours,

Ralph A. Beegle

January 9, 1941

Mr. Bill Buehler  
Dept. of Speech and Dramatic Art  
University of Kansas

Dear Bill:

I have your letter of the 6th instant and am happy that the Buehler family enjoyed seeing us play in the Garden; although we played one of the poorest games that the Kansas team ever played.

Assuring you it is always a pleasure to see you or hear from you, I am,

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach

FCA:lg

THE UNIVERSITY OF KANSAS  
DEPARTMENT OF  
SPEECH AND DRAMATIC ART  
LAWRENCE, KANSAS

January 6, 1941

Mr. Forrest C. Allen  
Basketball Coach  
University of Kansas

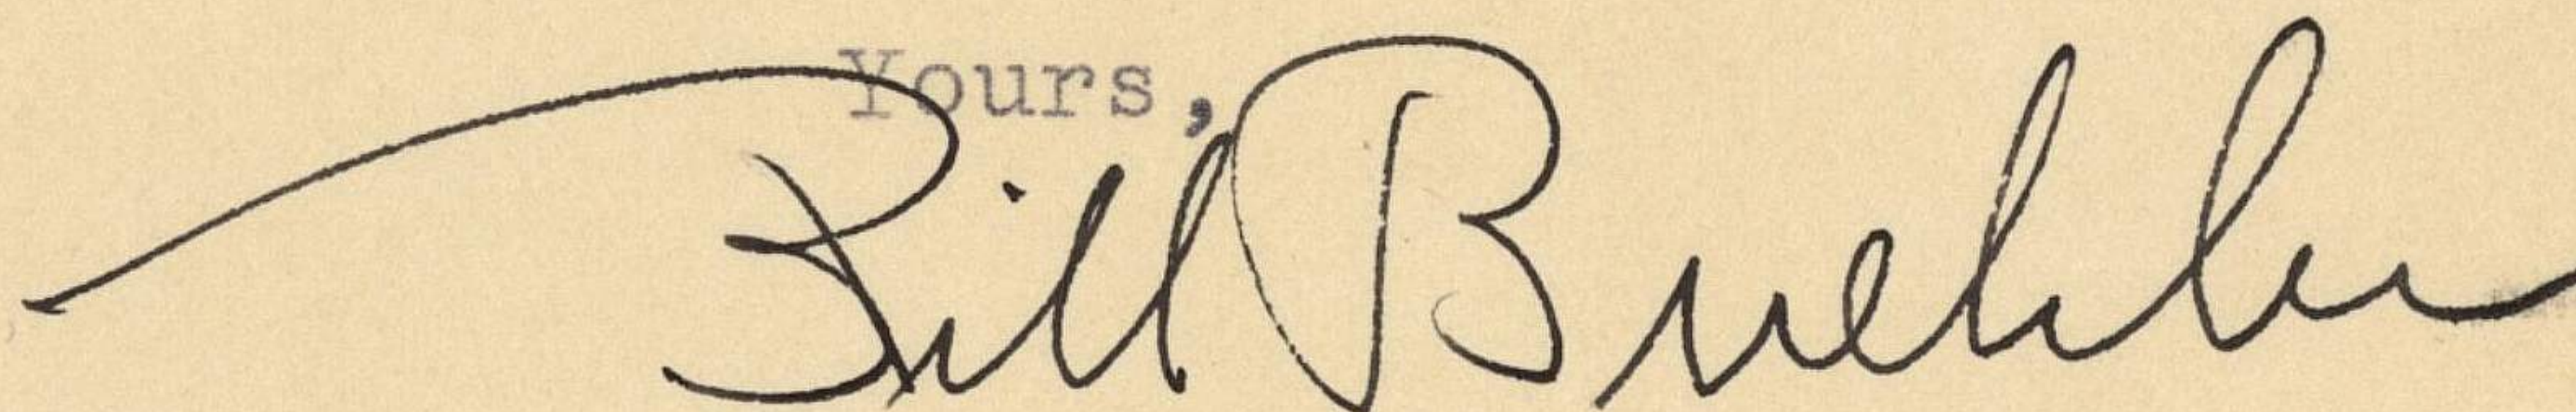

Dear Fog:

The whole Buehler family joins me in extending to you our warmest thanks and appreciation for making it possible for us to see the basketball game in Madison Square Gardens.

It was a Red Letter Day for all of us, and especially for the three youngsters who saw K. U. play basketball for the first time--in Madison Square Gardens, and it looks now as if there'll be five Buehler fans at the ball games instead of two.

Thanks a lot.

Yours,

A handwritten signature in cursive script that reads "Bill Buehler". The signature is written in dark ink and has a long, sweeping underline that extends to the left.

Bill Buehler

January 23, 1941

Mr. Frank J. Bausch  
Wichita, Kansas

Dear Peter:

Somewhere in the paper I noticed that you had gone back to Wichita to reside during the winter. We are playing Wichita University in the Forum on February 3 and I thought there might be some way for the old-time Kansas Basketball Players in that vicinity to get together and eat luncheon with the Varsity squad. We will be staying at the Hotel Allis and we would be glad to have you come over and eat and visit with our boys.

I do not know what you are doing in Wichita, but I imagine the post master will find you if I just address you at Wichita, Kansas. I get a great many letters from the old-timers and it is interesting to see the various vocations and avocations that they indulge in.

I had a nice visit with Jim last summer. He stopped at the house for a couple of meals.

The family are all well and I trust that your family is well also, or is it just Frank Joseph Bausch alone?

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach

January 27, 1941

Coach Ed. Buller  
Box 161  
Bucklin, Kansas

Dear Coach Buller:

We have your communication of January 24 requesting information regarding movies of some of our basketball games.

We have a film from the Teaching Films Division in our Visual Instruction Department, entitled Basketball Fundamentals. We use this film for our Varsity all the time and also for our freshmen players.

The Basketball Fundamentals film may be rented from our Bureau of Visual Instruction, University of Kansas, Lawrence, Kansas. The rental fee is \$2.00 plus transportation. I have just talked with the Bureau and find that one film is available at present. They asked that I send your request to them and they would make reservation for you at once.

I am sure you will hear from the Bureau very shortly.

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach

January 31, 1941

Col. Karl F. Baldwin  
400 Fowler Shops  
University of Kansas

Dear Col. Baldwin:

I find that I have neglected to thank you for your organization's very fine cooperation in loaning us eight blankets when we drove to Manhattan for the Kansas Aggie-Kansas basketball game on January 20.

The weather was cold and disagreeable and the boys were full of flu, so these blankets contributed very materially to their health and comfort, as well as to our keeping the boys in the best shape possible.

We have always had wonderful cooperation and courtesy from Sergt. Roy. We want you to know that we in the Athletic Department appreciate this very much.

With all good wishes, I am,

Sincerely yours,

FCA:lg:mln

Director of Physical Education and Recreation.  
Varsity Basketball Coach

February 3, 1941

Miss Ruth Baker  
Kellogg Hall  
Battlecreek, Michigan

Dear Ruth:

I appreciated your good letter of January 8 but am sorry you were unable to see our game with Loyola. We should liked to have seen you there. Although we only won one out of three games on our eastern trip, the boys had an enjoyable time and the tour did prove educational.

I wish that I had time to write you a long letter, but as usual we are making ready now to travel down to the University of Wichita and play there tonight. Wichita is looking for this to be their big game of the season and we will probably have a scrap.

Our first conference game in the new semester is with the University of Nebraska, an altitudenous, gangling and aggressive group of cornhuskers. Their center is 6'8" and they have two burly guards, Fitz and Held, each 6'4"; the other two are barely 6' tall so you can imagine our toiling bunch of underlings will have a whale of a job trying to whiddle two big boys down to their sizes.

The basketball games together with my administrative duties, which seem to be piling up, are keeping me very busy.

With kindest personal regards, I am,

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach

FCA:lg

Battle Creek, Mich  
Jan. 8, 1941.

Mr. F. C. Allen  
Lawrence, Kansas.

Dear Mr. Allen:

I seemed to miss the Basketball team at all points. Since I spent my Xmas vacation here, had I received your letter in time, I would probably been at Ann Arbor. The weather was too bad here Jan 2. for us to make the trip to Chicago. The score gave indications that the game was quite exciting; I wish I could have seen it. Even tho I've been connected with New York University the past two summers, and am with the University of Michigan now, I'm still loyal to the Alma Mater.

I met a Mr. Paterson last night who said he played basketball with you when you first started coaching. He still seems interested in sports. He was playing Badminton last nite.

There is a Badminton Club here. They have asked me to go to Lansing Saturday evening to play there. I've only been at practice a couple of times, I'll probably ruin the match Sat.

We have had some snow, but not enough to make skiing <sup>and</sup> tobogganing good, thus I haven't tried my skill (or should I say lack of skill) at either. If weather permits next week, I will take my classes to the lake for ice-skating. Can't you just see them teaching me their fancy steps? I can too. But I'm willing to learn.

I am to go as a chaperone with the Music Club thru nite on a sleigh ride. The thought of a sleigh ride with a music Club "slays" me. Just a little out of my field when they start singing, but I'll enjoy the ride.

There are going to be a lot of vacancies here in Mich. next fall for Phys. Ed. teachers. I don't know whether they will have to import some more (Ks.) teachers or not. The H. S. teacher here was married in Dec. and is giving up her job at the end of the semester. As yet they haven't hired a teacher for the second semester. They may just get a substitute to serve until school is out.

By the way did Catherine Dunkel give up her job at K. U.? Who took her place? I have lost out on K. U. gossip, it seems.

My free hour is almost over so I'll close my Best Wishes for a Successful Basketball Season. Give my regards to the K. U. Staff

Sincerely

Ruth Baker,  
Lakewind Consolidated Schools  
Battle Creek, Mich.

March 12, 1941

Mr. John Bentley  
The Journal  
Lincoln, Nebraska

Dear John:

In Bob Busby's Sports Buzz in the Daily Journal World, as of Tuesday, March 11, he quotes you in part as follows: "Remember the time he (Allen) has his players change jerseys at the half in the Tournament game in Kansas City! I'll bet that was the first time in all the basketball experience of the Coach at Utah State that he has ever heard of anything like that."

Like most accurate sports writers' comments this statement was substantially correct. This story recalls to my mind an incident of a fellow who rather boastfully said, "I have a friend in Baltimore who made \$100,000 in six months manufacturing the new sanforized shirt." This fellow said to his friend, "Isn't that right, Bill?" "Well," he said, "It is substantially correct. Instead of Baltimore it was Kansas City, and instead of manufacturing shirts it was overalls, and instead of making \$100,000 he lost \$100,000."

Frankly, I believe that the coaches should share some of the odium of the inaccuracies that appear in the sports columns because the coaches hardly ever inform the sport writers of the correct version of the thing.

In order to cooperate with you John, old pal, I feel it my pleasant duty to inform you regarding the changing-shirt episode when we played Utah State. This is the first time that this story has been released from captivity, and as far as I know I have never seen the incident correctly described.

In 1936, our Big-Six schools, in their endeavor to help the Olympic Fund, each paid their own expenses to Kansas City for a basketball play-off tournament. The amount expended or contributed by each school toward the expense was \$200.00. Nebraska and Missouri of Big-Six schools, together with the Oklahoma Aggies, entered the Tournament. You will recall this incident. I was selected to manage the Tournament. Kansas won the play-off, defeating the Oklahoma Aggies in the Final. We were then matched with Utah State to determine the team that would play in the Finals in New York.

It happened that I was in the identical position that I found myself in last year. I had a team in the Tournament and yet I was managing the affair. All the teams competing in the first and second Tournament were supposed to carry their traveling set of uniforms as well as their home team uniforms. Kansas and Utah State were supposed to play a series of games, the best two out of three to determine the winner.

I asked Dick Romney if he had not brought his two sets of uniforms..

Mr. John Bentley  
The Journal  
Lincoln, Nebraska

Dear John:

In Bob Gray's Sports News in the Daily Journal, dated as of Tuesday, March 11, he writes you in part as follows: "Romney, the team he (Allen) has his players change jerseys at the half in the football game in Kansas City. I'll bet that was the first time in all the history of the game that he has ever done it." This is the first time.

This story accounts for the change in the jerseys of the players at the half. The story recalls to my mind an incident of a fellow who rather boastfully said, "I have a friend in Baltimore who made \$100,000 in six months manufacturing the new synthetic jersey." The fellow said to his friend, "That's not right, Bill." "Well," he said, "it is substantially correct. Instead of Baltimore it was Kansas City and instead of manufacturing jerseys it was overalls, and instead of making \$100,000 he lost \$100,000."

Finally, I believe that the changes in the jerseys of the players at the half of the basketball game in the sports column because the changes hardly ever happen the sport writers of the various papers of the city.

In order to cooperate with you John, old pal, I feel it my duty to inform you regarding the changing jersey incident which you mentioned in your letter. This is the first time that this story has been released from captivity, and as far as I know I have never seen the incident correctly described.

In 1938, our 11-12 school, in their endeavor to win the Olympic gold, each paid their own expenses to Kansas City for a basketball play-off tournament. The amount expended or contributed by each school toward the expense was \$200.00. Kansas and Missouri of high school age together with the Oklahoma Aggies, entered the tournament. You will recall this incident. I was selected to manage the tournament. Kansas won the play-off, defeating the Oklahoma Aggies in the final. As you then related with your State to determine the team that would play in the finals in New York.

It happened that I was in the Lincoln position that I found myself in last year. I had a team in the tournament and yet I was managing the effort. All the teams competing in the first and second tournament were supposed to carry their traveling set of uniforms as well as their own team uniforms. Kansas and Oklahoma were supposed to play a series of games, the best two out of three to determine the winner.

I asked Dick Romney if he had not brought his two sets of uniforms. He said that he had only brought one set, and that was the white uniform with a blue sash running through it. So he wore the white and we wore the red for the first two games. However, I was convinced, or at least I had a hunch that Dick Romney had another set of uniforms.

I might add that my own players came to me and said, "We have been wearing red all the time. Why can't we wear our white uniforms?" Old Convention Hall was not well lighted and the white suits showed up much better than the red. The players wearing the white uniforms were much easier to pick out than if they wore any other color.

Noble and Ebling said, "We believe if we wear the white uniform we will go better." I said, "All right, I tell you what we will do. We will wear white and see if Utah State doesn't have another set of uniforms." We wore the white under our warm-ups and when the whistle blew for the start of the game we peeled off our warm-ups and we had white suits and they had white suits with the blue sash. Romney immediately sent back to the Kansas City Athletic Club for his traveling set of uniforms which were dark navy blue with the white sash. They called time-out and changed them.

Personally I feel that was a neutral court and Kansas owed no more courtesy to Utah State by wearing colored uniforms than Utah State owed a courtesy to Kansas of telling the truth and further, the added responsibility of the necessity of carrying two sets of uniforms. I have never felt like apologizing to anyone who prevaricates merely for their own advantage.

If you do not believe every word of this I would suggest that you just mail this epistle to Dick Romney and get his version of it.

I believe that our boys are as sporting as any outfit and my conviction is that our reputation is as good as the other fellows. With no desire to sweeten the pot, but with the pride that comes from receiving letters such as we have received from the manager of the Michigan Union, I am sending you a carbon copy of the letter that was written to Chancellor Deane W. Malott and to me from Mr. Stanley G. Waltz, Manager, Michigan Union. These letters are self-explanatory and I might add further that we had no knowledge whatsoever that such letters were being written.

We will feel confident in the fact that when good and bad sporting exhibitions are compared, that Kansas will not suffer unduly.

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach

Mr. Jim Raport  
107 Robinson Gymnasium  
Kansas University  
Lawrence, Kansas

Dear Mr. Raport:

The rating of these samples is good from a bacteriological standpoint.

In our swimming pool ratings, samples which show a bacterial count of not over 200 bacteria per cubic centimeter are given a rating of excellent. The good rating is used for samples showing bacterial count of over 200. Samples showing the presence of coliform organisms are given ratings of fair and unsatisfactory. Usually samples showing a residual chlorine content of .6 parts per million, as these samples did, have a bacterial count of less than 200.

If you wish to have regular analyses made will you please come to the laboratory for sterilized bottles and we can make arrangements for additional analyses.

Very truly yours,

DIVISION OF SANITATION

*Cassandra Ritter*

\* Gas in the fermentation tubes and confirmatory test indicate the presence of bacterial organisms of the Coli-Aerogenes group. These organisms inhabit the intestinal tract of warm-blooded animals, hence their presence in water shows sewage contamination or pollution from surface drainage. Plus sign, gas present. Minus sign, gas absent.

One part per million is equivalent to 1 pound of substance per million pounds of water. One gallon weighs 8.33 pounds. 17.1 parts per million=1 grain per gallon.

# POST CARD

This Space for Address Only

Thank you for your letter. I shall try to see you before school starts in Sept. Will you be in Lawrence during August?

Camp is as interesting as ever. Am taking 8 hrs. for credit, + 2 dance classes for no credit. My sports & recreation shall not suffer either. Visit N.Y.U. if you can. Ruth B.

Mr. Sam Barry  
Varsity Basketball Coach  
University of Southern California  
Los Angeles, California

Dear Sam:

I am wondering if you will send me by return mail the date when your Pacific Coast Conference ends. It is very necessary that we set a date for our Western and National play-off, but we do not want to set it at a time that might conflict with the interest of the Pacific Coast Conference.

When does your Pacific Conference final play-off take place? I would appreciate it if you would rush this information to me at once.

I sincerely trust that you have had a wonderful summer.

My kindest regards to Coach Howard Jones and the rest of the staff.

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach

Mr. Sam Barry  
Head Basketball Coach  
University of Southern California  
Los Angeles, California

Dear Sam:

Thanks for the information regarding the dates that your Southern Division season ends and the dates upon which the play-offs are held. This will help me very much as we desire to set a date in the near future.

Congratulations to you and Howard Jones on your splendid victory at Champaign, Illinois.

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach

OFFICE OF THE GENERAL MANAGER

Mr. Forrest C. Allen  
Director of Physical Education and Recreation  
Varsity Basketball Coach  
University of Kansas  
Lawerence, Kansas

Dear Phog:

Our Southern Division season ends March 1st, 1941 and the coast play-offs are two weeks later. Dates approximately will be March 13, 14 and 15th. We sincerely hope the tournament will again be held in Kansas City and under your splendid management.

Best wishes,

Sam Barry  
Head Basketball Coach
