Dean J. J. Jakosky,
School of Engineering,
University of Kansas.

Dear Jay:

I want to tell you that no brochure I have read gave me as much information and as great a thrill as your "Tomorrow's Man of the Hour". I am taking it home for Mrs. Allen to read. I know she will get as much pleasure from reading it as I did.

And too, you remember I asked you to send one to Gerald Hesse and one to Glenn Charlton. You remember when we were playing golf together I mentioned it, and I am just following through. It will be a great benefit to them, I am sure.

Congratulations, and thanks a million.

Very sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
