Dear Phog:

Thanks very much for the copy of George Edwards' letter to Mr. Gwinn Henry, a copy of your letter to Mr. George Edwards, and your personal letter to me. I, too, do not propose to let any differences that may arise between you and any individual or organizations in any way affect our friendship. I have a feeling that a lot of minor things could best be dropped at the present with so many more important things to be attended to. I feel that all small matters should be put by the wayside.

Give my kindest regards to Mrs. Allen and the other members of your family.

Yours truly,
